DESCRIPTION OF MAJOR SERVICES

The Board of Supervisors is the governing body of the county government and Board-governed special districts. It establishes policy and exercises supervision over the official conduct of all county officers, Board-governed districts and special commissions. The Board approves and adopts the annual budget and initiates and makes recommendations regarding proposed legislation at state and federal levels.

Budgeted Staffing					57.3	62.1	4.8

Salaries and benefits of \$8,160,298 fund 62.1 budgeted positions, an increase of 4.8 positions from prior year. The increase of \$464,739 represents anticipated increases to salaries in accordance with Measure P (approved by the voters on November 7, 2006), benefit plan changes for elected selected health insurance, and retirement and worker's compensation rate changes. This budget unit increased by 4.8 budgeted positions due to staffing changes made by the various districts.

Services and supplies of \$508,531 include phone services, electrical equipment maintenance, hardware computer expenses, special department expense, property insurance, office expense, presort and packaging, and courier and printing. The decrease of \$138,132 reflects the shift from services and supplies to transfers for office expenses incurred through the Purchasing Department, the shift of grounds maintenance to transfers, and finally, the shift of travel to its new appropriation.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$62,577 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$343,172 include continued contributions to employee relations, computer analyst support, maintenance service, custodial services and rents. The increase of \$154,787 is a result of the shift of office expenses and grounds maintenance from services and supplies to transfers.

Reimbursements of \$2,171,376 represent reimbursements from priority policy needs. The increase of \$450,953 primarily results from the increased salaries and benefits costs mentioned above.

Legislation

MISSION STATEMENT

The mission of the Office of Legislative Affairs is to effectively advocate the county's interests on the federal and state level by communicating the strategic priorities and policy direction of the Board of Supervisors to the California Congressional and State Legislative delegations.

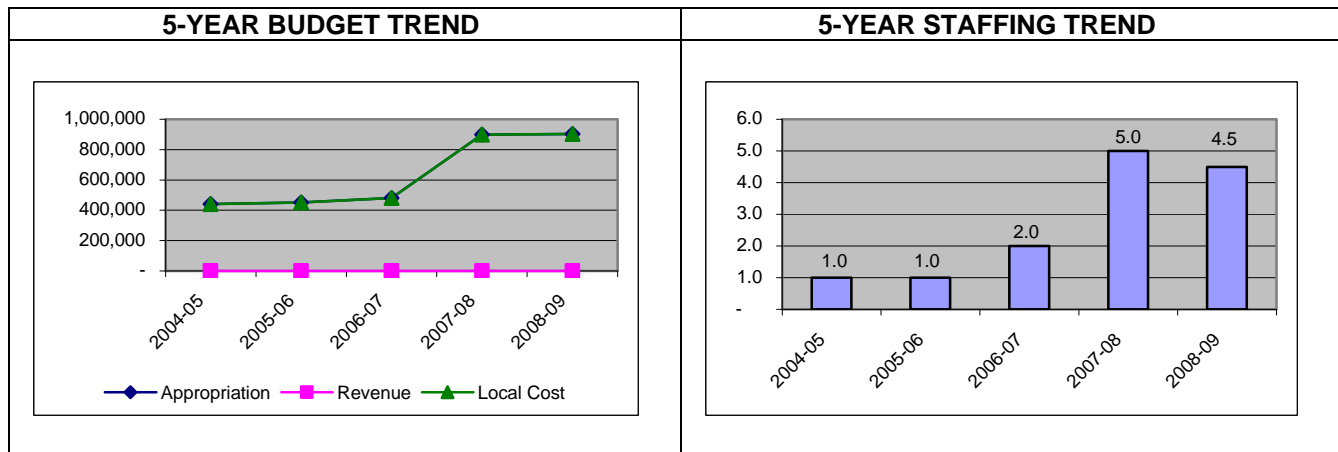

STRATEGIC GOALS

1. Communicate the county's legislative priorities to federal and state officials.
2. Advance the interests of the county at the state and federal level.
3. Provide the Board of Supervisors and the County Administrative Office with necessary information to make informed decisions regarding pending legislation and regulatory decisions.
4. Cultivate relationships between the county and the state and federal delegation members and staff.

DESCRIPTION OF MAJOR SERVICES

Under the direction of the Board of Supervisors and in coordination with the County Administrative Office, the Office of Legislative Affairs is responsible for overseeing and coordinating the county's legislative advocacy program. The office is responsible for the annual state and federal legislative platforms in accordance with the strategic priorities and policy direction of the Board of Supervisors. The office serves as a liaison between the county and the federal and state legislative delegation. The Office of Legislative Affairs tracks legislation through the legislative process and works in conjunction with county departments to ascertain the impacts of pending legislation and regulations in order to provide recommendations to support or oppose pending legislation.

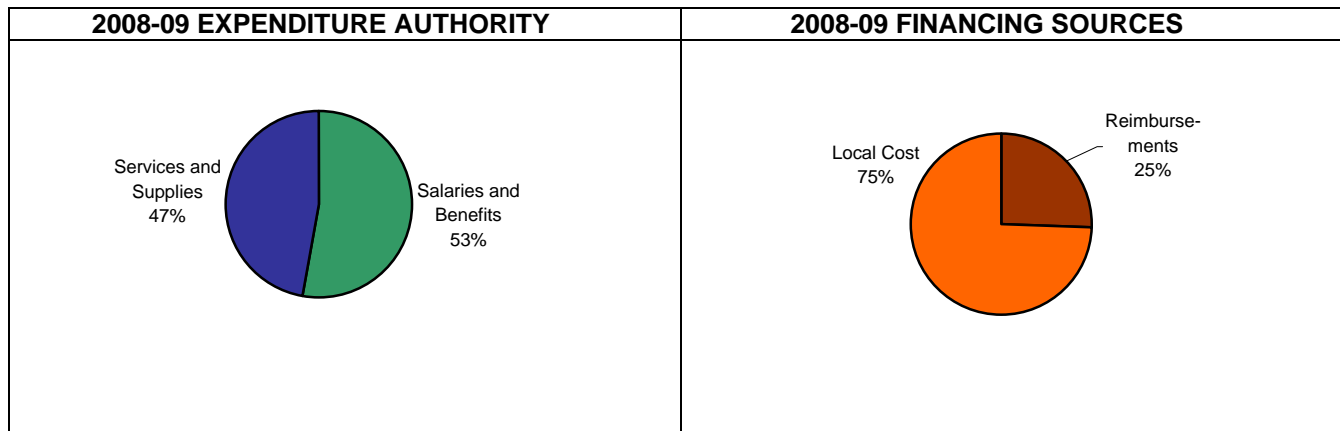

The office maintains effective working relationships with the California Congressional and State Legislative delegation and the federal and state administration. The Office of Legislative Affairs oversees and administers legislative activities and outreach by fostering relationships with appropriate local, state and federal delegations, caucuses, associations, joint powers authorities, and public and private sector officials. The Office of Legislative Affairs provides periodic updates and reports to the Board of Supervisors, the County Administrative Office and county departments on pending legislation as well as recommendations on legislation to the Board of Supervisors. The office also manages consensus advocacy trips to Washington, D.C. and Sacramento and supervises contracted legislative advocacy firms at the state and federal level.

Salaries and benefits of \$637,136 will fund 4.5 budgeted positions and are increasing by \$28,678. Staffing changes are the result of a restructuring of the Legislation program in which 2.0 Legislative Analyst positions were replaced with a more global classification of 1.5 Administrative Analyst. Additionally, the Legislative Program Manager position was changed to a contract Deputy Director of Legislative Affairs position.

Services and supplies of \$512,469 are decreasing by \$84,888 from the prior year adopted budget. This reduction is the net of decreases in professional services (\$106,520) and changes in the reporting of travel (\$33,000) and office supplies (\$654) to other appropriation units. Offset by increases in expenditures related to legislative activities (\$25,500), new copier rental (\$7,500), special departmental expense (\$7,500), communication related expenses (\$6,482), general office expense (\$4,475), subscriptions/publications (\$2,654) and other minor expenditure changes (\$785).

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$56,780 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted (\$33,000) in the services and supplies appropriation unit as well as anticipated additional needs (\$23,780).

Transfers of \$1,805 include increases in EH&P charges as well as the change in the reporting of office supply purchases mentioned above.

Reimbursements of \$308,000 represent funding supported by Health Administration (\$108,000), Solid Waste Management (\$60,000), Transportation (\$70,000), and Flood Control (\$70,000) due to the Legislative advocacy services direct impact on these departments.

Priority Policy Needs

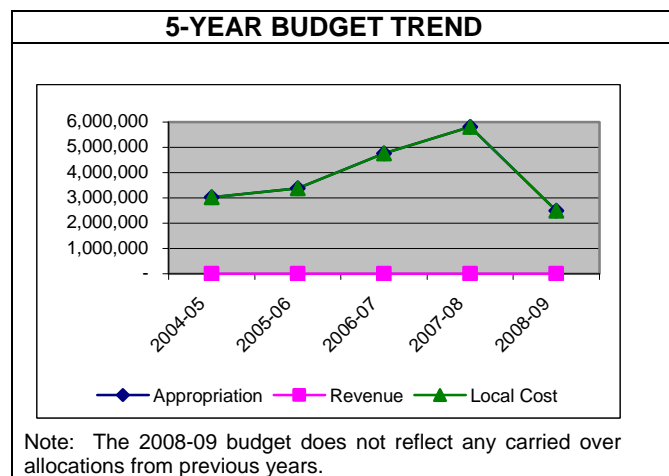

DESCRIPTION OF MAJOR SERVICES

Beginning in 1999-2000 \$1.0 million was allocated evenly between the five supervisorial districts for high priority policy needs that may be identified during the fiscal year. In 2005-06 this annual allocation was increased to \$2.0 million and in 2006-07 this annual allocation was increased to \$2.5 million. The current annual allocation is \$2.5 million allocated evenly between the five districts. Any allocations not spent within a fiscal year is carried over to the subsequent fiscal year by district.

Since the inception of this budget unit, the Board of Supervisors has identified various community programs in alignment with the county's vision of creating, supporting and enhancing vibrant communities that emphasize beauty, culture, art, recreation, education, and a sense of history. Through use of these funds and in conjunction with these community programs, the Board of Supervisors has provided support for several projects that promote the health, safety, well being, and quality of life for county residents.

There is no staffing associated with this budget unit.

Board Elective Funding

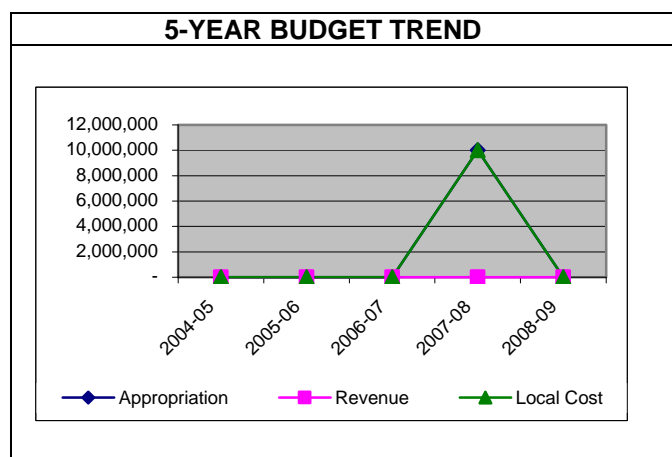

DESCRIPTION OF MAJOR SERVICES

In 2007-08, the Board Elective Funding budget unit was established which allocated \$10.0 million evenly between the five supervisorial districts for Board discretionary projects as identified by the Board of Supervisors throughout the fiscal year. This is a one-time funding allocation.

During 2007-08, the Board of Supervisors has worked with its community partners to identify projects that support the mission of the government of the County of San Bernardino of providing service that promotes the health, safety, well being and quality of life of its residents. With the use of this funding, the Board of Supervisors has sponsored various educational and community programs thereby expanding educational and cultural opportunities for the county's residents.

There is no staffing associated with this budget unit.

CLERK OF THE BOARD

Dena M. Smith

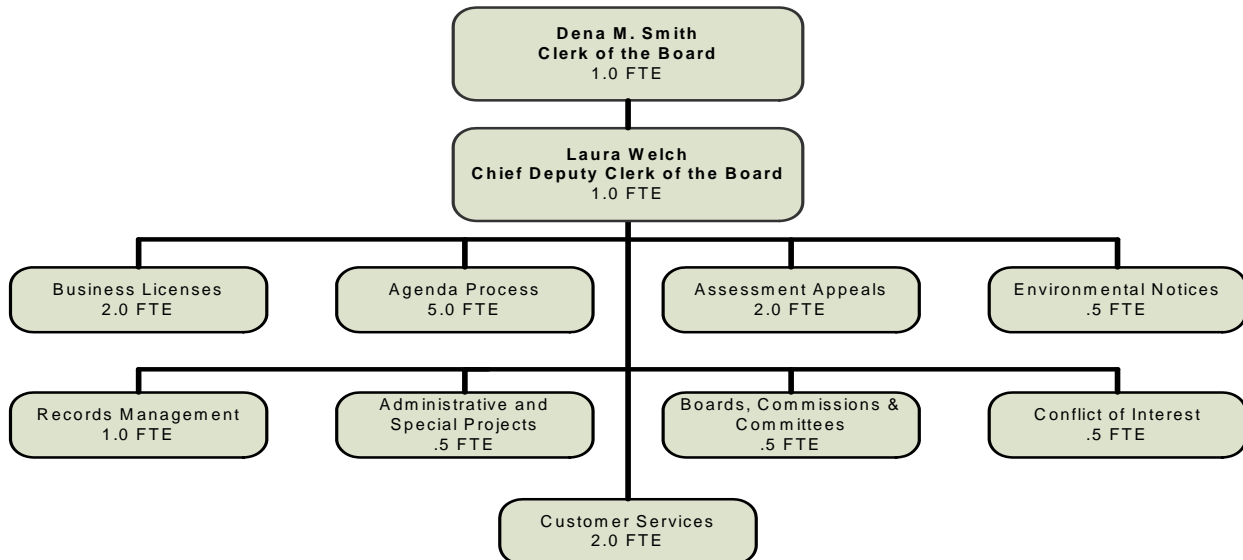

MISSION STATEMENT

In support of the County Board of Supervisors, and in service to the public and fellow county staff, the Clerk of the Board of Supervisors: prepares and maintains records of actions taken by the Board of Supervisors; oversees membership of the county's boards, commissions and committees; licenses businesses operating in the county unincorporated areas; and facilitates the filing and hearing of appeals of assessed property valuations. Our service priorities are timeliness and accuracy. Our services commitments are courtesy and respect.

STRATEGIC GOALS

1. Implement technology improvements to increase operational efficiency and improve public access to information.
2. Improve business license processes and procedures to ensure high quality service and compliance with ordinances.

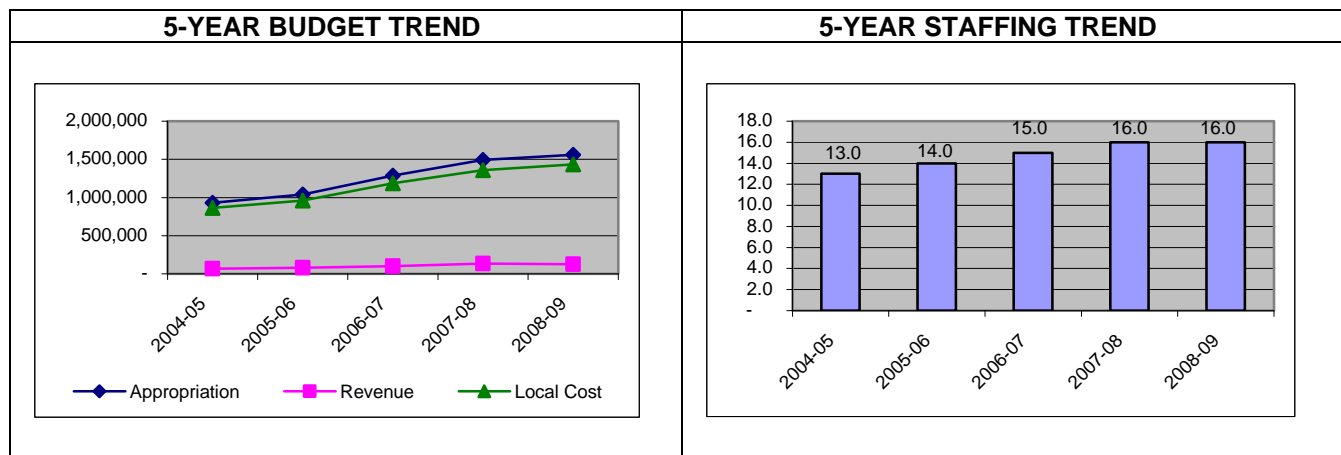

ORGANIZATIONAL CHART

DESCRIPTION OF MAJOR SERVICES

The Clerk of the Board of Supervisors (COB) provides legislative support services to the Board of Supervisors (BOS). The department coordinates, prepares and maintains minutes, ordinances, resolutions, contracts, agreements and other official records and documents related to meetings conducted by the BOS. The COB coordinates the annual filing of financial disclosure documents in accordance with state law and local conflict of interest codes. The county has more than 200 advisory boards, commissions and committees (BCCs) and the COB maintains records and membership information for the county's BCCs. Responsibilities include posting of vacancies, processing of appointments and monitoring of ethics training for more than 1,000 BCC members. In accordance with state law, appeals of assessed property valuation are heard and determined by the county's Assessment Appeals Boards (AAB). The COB provides staff support to the AAB, facilitating the filing, hearing and disposition of thousands of appeals annually. The county requires that businesses operating in unincorporated areas obtain and maintain a valid business license. The COB receives, reviews and processes business license applications and issues licenses for approved businesses. The COB also: receives, posts and files environmental (CEQA) notices for construction projects in accordance with State Department of Fish & Game requirements; accepts summonses, complaints, planning appeals, requests for tax refunds and Board correspondence; and responds to thousands of requests for information and documents from county staff and the public.

Appropriation for 2007-08 is less than the modified budget due to lower salaries and benefits costs realized from workforce turnover and leaves of absence. Temporary staff was hired to alleviate the workload impact of staffing shortages.

Departmental revenue is down due to the approximate 25% decline in the number of business licenses issued and/or renewed with the Clerk of the Board. The primary license that has been affected is the massage technician license, which is the highest revenue generating fee for the department.

Budgeted Staffing					16.0	16.0	-

Salaries and benefits of \$1,230,938 fund 16.0 budgeted positions and are increasing by \$64,108 due to a departmental reorganization approved by the Board of Supervisors on September 11, 2007. This reorganization was a result of a review of the COB organizational structure guided by the operational changes that are taking place in the COB office to meet the expectation of the Board of Supervisors for improved operational efficiency, effective use of technology and outstanding service delivery for the COB office. The new classifications established placed staff at classification and compensation levels more consistent with those of other positions with similar functions and levels of responsibility within the county.

Services and supplies of \$252,388 include costs for equipment, office supplies, professional services, and various insurance allocations. The decrease of \$31,315 reflects the shift from services and supplies to transfers for office expenses incurred through the Purchasing Department in addition to the shift of travel to its new appropriation.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$23,520 reflects anticipated travel costs for proprietary software development conferences and training as well as the annual SESAC conference. These costs were previously budgeted in services and supplies as mentioned above.

Departmental revenue of \$126,665 is down by \$8,622 from the previous budget year. In line with the current nationwide housing crisis, the county is experiencing a decrease in new construction, which is reflected in decreased revenue estimates for environmental (CEQA) document filings. The COB has also experienced a decrease in new and renewal business licenses and related fees. This trend is anticipated to continue into the 2008-09 fiscal year. However, on March 18, 2008 the Board of Supervisors adopted a rental dwelling license ordinance, and revenue generated from this license is anticipated to slightly offset decreases in the other revenue areas. As we can not measure the number of dwellings in the unincorporated area, we can not determine how much of this new revenue will absorb the loss of license fee revenue.

COUNTY ADMINISTRATIVE OFFICE

Mark Uffer

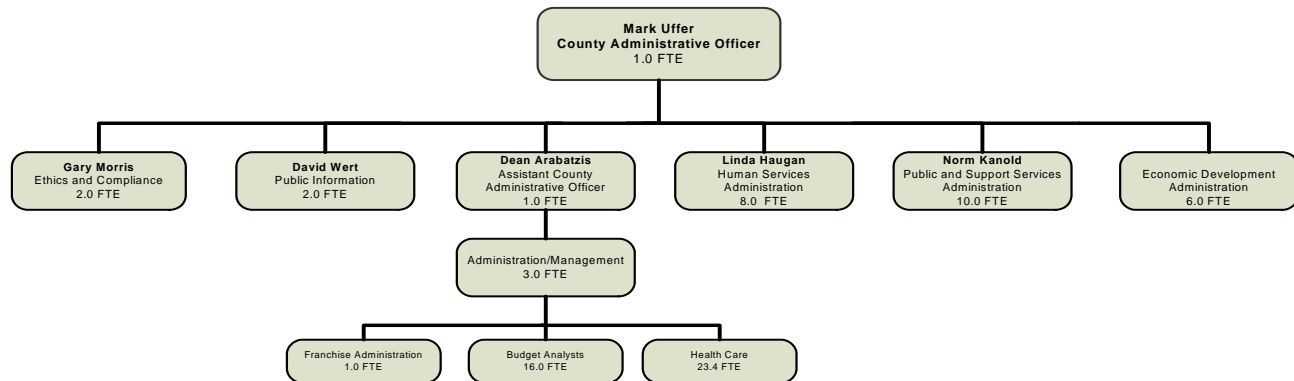

MISSION STATEMENT

The County Administrative Office maximizes constituent services and satisfaction by developing and implementing budgets, policies, and procedures, and by directing and/or coordinating departmental activities according to the County Charter, general laws, and to meet the strategic goals adopted by the Board of Supervisors.

STRATEGIC GOALS

1. Facilitate, support, and ensure the implementation of decisions by the Board of Supervisors.
2. Promote the effective and efficient delivery of countywide service through the use of contemporary management tools.
3. Ensure the overall financial health of the County of San Bernardino.
4. Communicate countywide operations in an effective manner.
5. Increase employee awareness of and compliance with the county's ethics program.

DESCRIPTION OF MAJOR SERVICES

The County Administrative Office (CAO) is responsible to the Board of Supervisors for the general administration and coordination of all county operations and programs, together with the preparation and administration of the county budget.

The CAO oversees the operations of county departments whose department heads are appointed by the Board of Supervisors or County Administrative Officer, and assists in the coordination of activities of departments headed by elected officials. Additionally, the CAO oversees Health Care Administration, the Public and Support Services Administration (PSSG), Human Services Administration, and Economic Development Agency Administration.

The Health Care Administration provides administrative oversight for the health related departments and seeks to expand and coordinate collaborative opportunities among those departments. Health Care Administration also coordinates major health financing issues, such as realignment, medical center debt financing, and disproportionate share hospital funding.

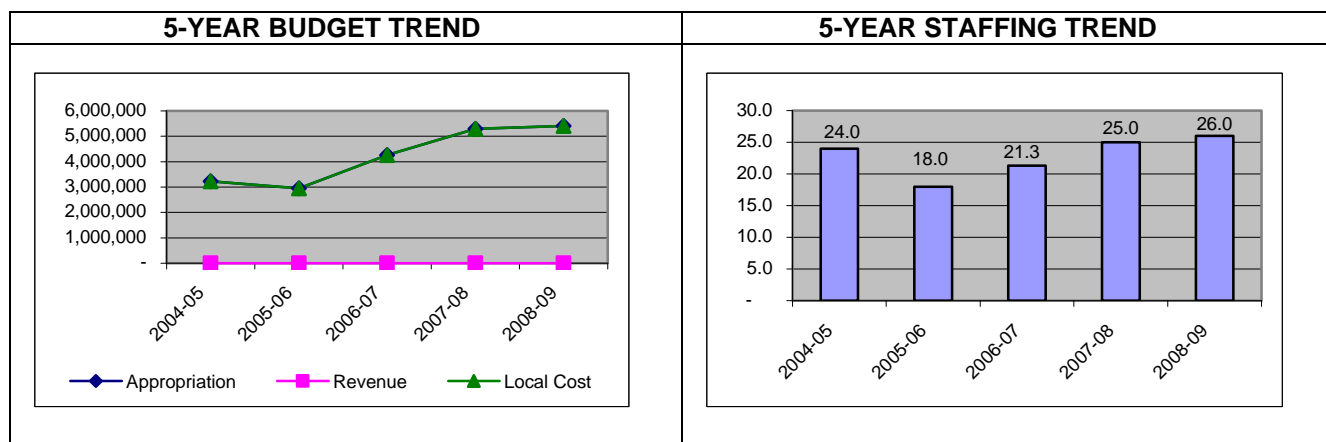

PSSG departments plan and implement facility and infrastructure development and maintenance programs (roads, flood control, buildings); provide public services in unincorporated communities (planning, fire, special districts, parks, museums); and serve departmental needs (vehicles, space, leasing).

Human Services departments are responsible for the county social service programs under applicable mandatory federal and state regulations. These departments are Transitional Assistance, Children's Services, Adult Services, Preschool Services, Child Support Services and Veterans Affairs.

Economic Development departments seek to facilitate economic growth within the county through programs that enhance workforce skills, infrastructure, business development and attraction, housing opportunities and community development projects. These departments are Community Development and Housing, Economic Development, the Redevelopment Agency, and Workforce Development.

The CAO is also responsible for coordinating county activities with other local government entities, including cities and other counties; the county's long-term debt functions; and the capital improvement program.

Budgeted Staffing					25.0	26.0	1.0

Salaries and benefits of \$4,320,689 fund 26.0 budgeted positions and are increasing by \$388,814 and a net 1.0 budgeted position. Staffing changes include the additions of 1.0 principal administrative analyst, 1.0 administrative analyst III, and 1.0 franchise program analyst. The franchise program analyst addition is the result of a re-organization/consolidation of the franchise budget unit. Offsetting these increases are the deletion of 1.0 executive secretary III and 1.0 contract special projects coordinator.

Services and supplies of \$1,281,993 include professional services, ISD direct labor, computer software and hardware expenses, miscellaneous expenses, and general office supplies. Various countywide programs are funded via professional services including components of the Service First Program, hosted email subscriptions for accessing county web information, public awareness campaigns, and the ethics case management system. The decrease of \$463,881 is primarily attributed to the loss of \$200,000 in one-time funding for local matching funds for grant submissions and to hire contract grant writers as needed for the approved Enhance Grants Program policy item. Other decreases include the shift of travel related expenses to a new appropriation unit, reductions in special departmental expense, completed computer software purchases, and a decline in maintenance costs due to the conclusion of the remodel.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$62,225 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$60,688 include continued contributions toward employee relations, Employee Health and Productivity program, Information Services Department for computer analyst support, custodial and maintenance service, and advertisement services. The decrease of \$26,624 results primarily from the completed purchase of two wireless infrastructure servers.

Reimbursements of \$355,168 represent payments from other budget units. The budgeted amount decreased a total of \$141,862 from the prior year. Changes include additional reimbursements of \$175,700 for 1.0 budgeted position to assist with Public Health's financial operations, a reduction of \$92,363 in reimbursements from Facilities Management that coincides with the deletion of 1.0 contract special projects coordinator, and a reduction of \$225,199 from the Health Care Administration budget unit due to a lessening in the percentage allocation provided for the administration of all the health departments.

Franchise Administration

DESCRIPTION OF MAJOR SERVICES

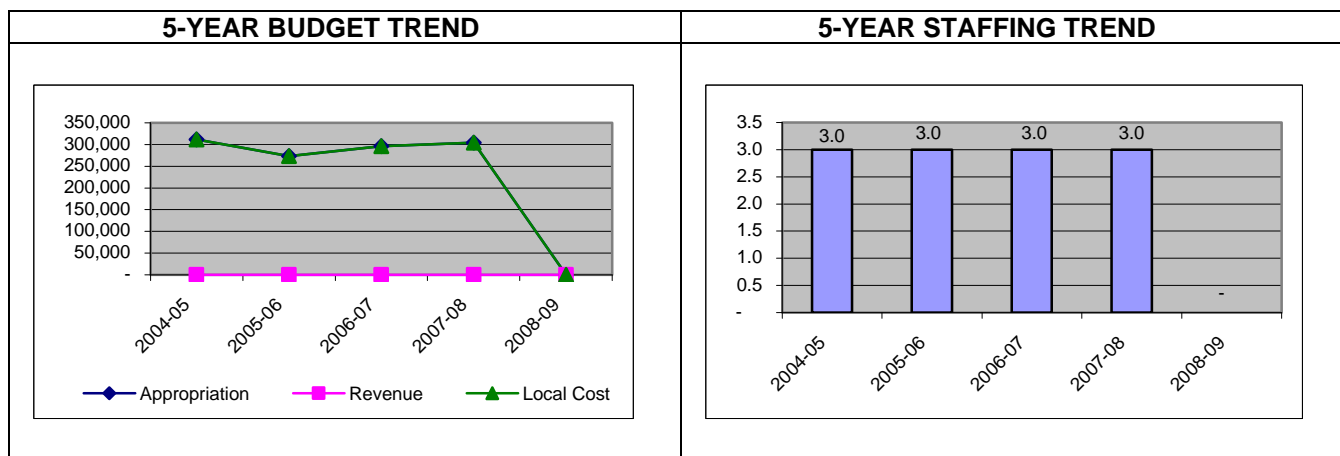

The function of Franchise Administration is to monitor utility, cable, telecommunication, and interstate pipeline franchises, as well as the use of other public property. Franchise Administration is also responsible for ensuring submission of the appropriate documents from franchisees, including reports, proof of insurance, bonding and payment of franchise fees. Other duties include monitoring customer service compliance for cable television service providers and research designed to identify other entities utilizing public rights-of-way.

Additionally, Franchise Administration has represented the county and its constituents and the California Public Utilities Commission on issues regarding utility requests for rate increases and investigations of utilities over-charging their customers.

Franchise Administration collects a substantial amount of annual franchise fee revenue on behalf of the county, and the fees are generally based upon a percentage of utility, cable, telecommunications, and interstate pipeline company gross revenues. These revenues are not directly incorporated within the division's budget, as the fees are accounted for separately within another fund.

In 2008-09, this budget unit was consolidated in the County Administrative Office budget unit.

Appropriation for 2007-08 is less than the modified budget amount due to not filling a budgeted position; this position has been vacant for some time now. The special projects originally associated with this position are no longer needed thereby eliminating the need to fill the position. This position will be eliminated in the upcoming fiscal year. The need for certain professional services relating to contract negotiation has also been eliminated resulting in additional savings in services and supplies.

Litigation

DESCRIPTION OF MAJOR SERVICES

The litigation budget finances external attorney services and other litigation related expenses. The Board approved the establishment of this budget unit in 2001-02. The use of contingencies may be required for any new major contracts, or for any material amendments to existing legal contracts during the fiscal year.

There is no staffing associated with this budget unit.

Services and supplies of \$22,785,506 represent lease payments and related fees and administrative costs for the major county assets financed by the general fund. In 2008-09, services and supplies are reduced by \$532,535. Of this reduction, \$825,000 is associated with the elimination of the 2007-08 fund balance allocation used for principal reduction of existing Certificates of Participation (which represent interests in the lease payments). This reduction is partially offset by an increase in lease payments and fees caused primarily by the refinancing of the Glen Helen Certificates of Participation (COPs). This refinancing resulted in an increase in lease payments due to a requirement to deposit \$1.1 million in cash with the trustee bank. This deposit funded a cash reserve to provide additional protection to the owners of the COPs against non-payment of lease payments. This \$1.1 million increased the principal amount of lease payments due, resulting in higher annual lease payments. This reserve will be available to offset the final lease payments on these COPs.

Reimbursements of \$2,173,150 include \$1,622,750 to fund the lease payments and related costs of the Glen Helen Pavilion. This reimbursement is funded by revenues associated with the operation of the pavilion. Reimbursements also include amounts associated with the 1997 Public Improvement financing in the amounts of \$470,000 from the utilities budget, representing savings from the ENVEST project, and \$80,400 from Preschool Services representing the portion of the lease payment used to fund a portion of the preschool building in Ontario.

In August 2006, the Board of Supervisors adopted an amendment to the formal Budget Financing Policy. This amendment automatically reappropriates the portion of the final fund balance associated with variable rate savings (budget vs. actual) to reduce the principal of outstanding long term debt in the next fiscal year. It is estimated that the savings calculated pursuant to this policy will be approximately \$900,000 at the end of 2007-08.

Lease Payments included in this budget unit for 2008-09 are:

Glen Helen Pavilion	1,525,786
Justice Center/Chino Airport Improvements	6,241,200

Federal Forest Reserve

DESCRIPTION OF MAJOR SERVICES

In 1908, Congress enacted a law that requires 25% of the revenues derived from the National Forest System to be given to counties in which the lands are situated for the equal benefit of public schools and roads. Pursuant to Public Law No. 106-393, enacted on October 30, 2000, counties could elect to remain under the 25% Payment Method with fluctuating funding levels or change to the Full Payment Method, that requires these revenues to fund either Title II or Title III projects under the Act. The county elected the Full Payment Method.

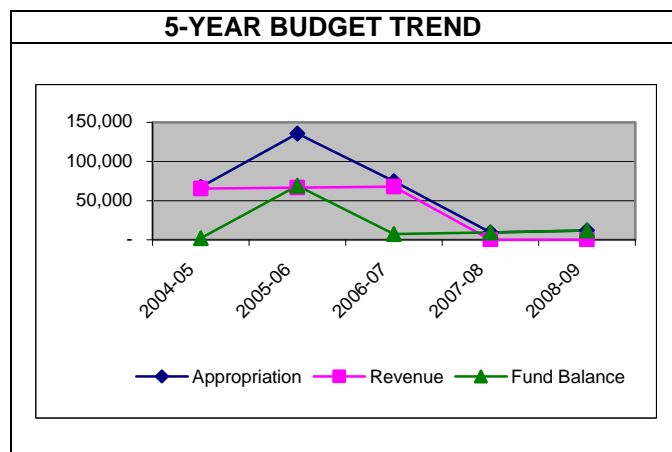

Title II project funds may be used for the purpose of making additional investments in, and creating additional employment opportunities through projects that improve the maintenance of existing infrastructure, implementing stewardship objectives that enhance forest ecosystems, and restoring and improving land health and water quality. Authorized uses for Title III projects include search, rescue, and emergency services; community service work camps, easement purchases; forest-related educational opportunities; fire prevention and county planning; and community forestry. Title III funding is utilized by County Fire Department to develop fire prevention and community forestry projects that are necessary for the protection of people and property.

The county can select project(s), provided there is a description of the proposed project in the publications of the local record and a 45-day public comment period. The Clerk of the Board is directed to publish a 45-day notice of intent to use the Federal Title III Agriculture Forest Reserve Payment funds for proposed project expenditures including but not limiting to County Fire Department or the Public Works Department.

Congress terminated this funding on September 30, 2006. However, on July 28, 2007, Congress reinstated the funding for an additional year. For 2008-09, the status of this program is unknown. Currently, there is an effort underway to have a one-year extension included with a supplemental war bill that is pending Federal approval. However, pending notification, the county will anticipate the closure of this budget unit and the balance of the funds will be transferred to the Public Works Department to pay for fire prevention/planning efforts.

There is no staffing associated with this budget unit.

Fund Balance					9,358	11,803	2,445

The 2008-09 proposed budget reflects the termination of the program and the transfer of the remaining fund balance to the Public Works Department. If the United States Department of Agriculture notifies the county that Congress had extended the Title III program, the County Administrative Office will take appropriate actions to receive the funding and to modify the budget.

Salaries and benefits of \$11,535,020 fund 73.7 budgeted positions and are increasing by \$283,658. This includes full year funding of 1.0 paralegal position, which was approved by the Board of Supervisors mid-year. Also included is funding to dual fill the Chief Assistant County Counsel (0.3) and a Deputy County Counsel V position (0.7), both transitioning into retirement, as well as continued funding of anticipated retirement costs. This budget unit experienced an increase of 0.1 in budgeted staffing as a result of a technical change to the rounding of positions numbers to one decimal place in the county's budget system. This change does not affect the number of authorized positions.

Services and supplies of \$1,741,931 includes professional services such as expert witnesses, initial outside counsel costs, transcriber costs, general office expenses, computer hardware and software expenses (including upgrades and customization costs for PerfectLaw), small equipment purchases, office, conference room, and break room furniture, and other expenses such as publications, memberships, and the implementation of an office wide imaging program. The budgeted change over the prior year is \$1,114,624. A significant portion of this increase represents appropriation which will be transferred to salaries and benefits upon final approval of the general MOU and exempt compensation plan agreements.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$160,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$181,349 include charges from Purchasing, Real Estate Services, Facilities Management, Human Resources for employee programs provided and Information Services Department for systems support services shared with the Board of Supervisors and the County Administrative Office.

Reimbursements of \$3,119,655 represent payments from other departments for services rendered by County Counsel. Increases to this line item of \$926,534 are primarily the result of a fee increase approved by the Board of Supervisors (\$508,914), and reimbursements from the Department of Behavioral Health (\$407,320), which were not received in prior fiscal years.

Current services revenue of \$5,080,585 represent the revenues received from non-general fund departments and outside clients. A net increase of \$626,376 from the prior year is the result of a fee increase approved by the Board of Supervisors (\$135,256), client requests for additional services (\$355,120), and new revenue from Arrowhead Regional Medical Center (\$136,000).

HUMAN RESOURCES

Andrew L. Lamberto

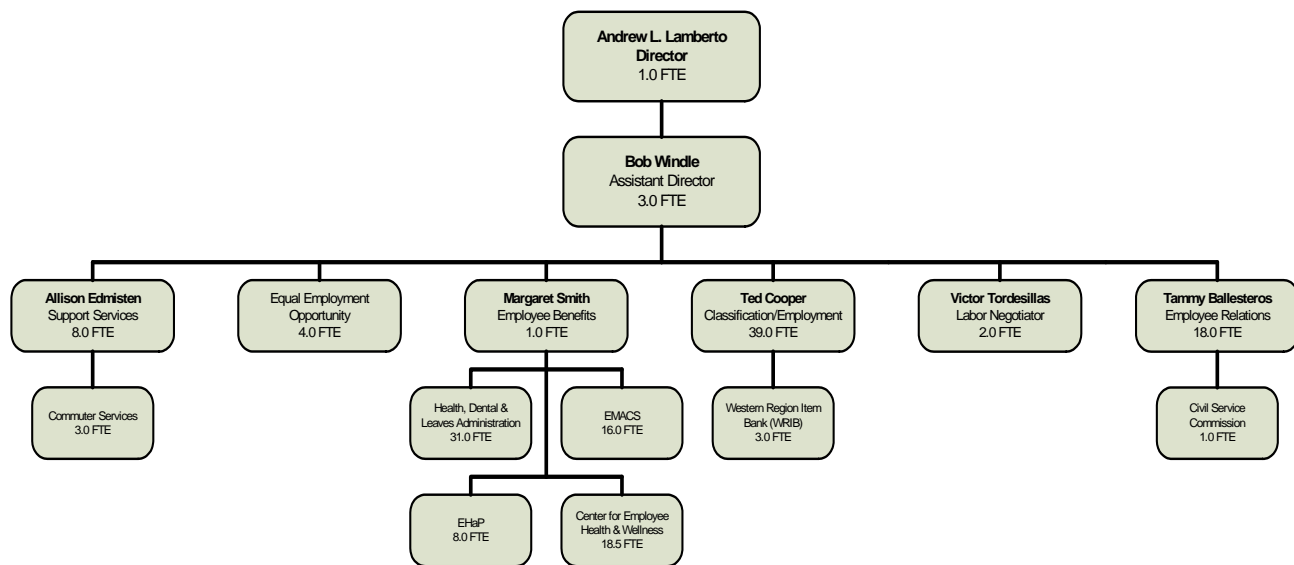

MISSION STATEMENT

The Human Resources Department is committed to providing effective customer service to all departments, employees, and constituents of the County of San Bernardino, through the timely delivery of innovative, quality human resources systems, programs, and services.

STRATEGIC GOALS

1. Assist county departments in attracting and retaining highly qualified staff.
2. Increase and improve delivery of Human Resources services to customers.

DESCRIPTION OF MAJOR SERVICES

The Human Resources Department administers the county's human resources programs. This includes the responsibility for recruitment, employment testing, and certification of eligible candidates; establishment and maintenance of classification and compensation systems and practices; employee relations; employee benefits; systems and program administration for a portion of the Employee Management and Compensation System (EMACS); the Equal Employment Opportunity Office; and the Commission on the Status of Women. Human Resources also shares responsibility, through a partnership with Human Services, for countywide organizational and employee development.

In addition, the department is responsible for the management of the Western Region Item Bank (WRIB), a cooperative, computer-based test question bank used by 167 public agencies to develop employment tests. Each WRIB participating agency pays an annual fee.

Salaries and benefits of \$9,648,036 fund 103.0 budgeted positions and are decreasing by \$112,317 as a result of reductions in workers' compensation, retirement costs, and termination benefits.

Services and supplies of \$3,162,176 include tuition reimbursement funds, advertising expenses, and contracts for professional services. The slight decrease results from the removal of one-time policy item funding, and is offset by estimated increases in contract costs.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$42,190 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$106,739 include office expenses and facilities charges, and have decreased by \$72,774 due to the removal of County Counsel charges which are now included in the services and supplies appropriation unit.

Reimbursements of \$5,884,152 represent payments from other departments for employee relations, the Employee Health and Productivity program, the Employee Assistance programs, and advertising costs.

Departmental revenue of \$343,750 primarily represents revenue from Western Region Item Bank (WRIB) memberships.

The Center for Employee Health and Wellness

DESCRIPTION OF MAJOR SERVICES

The Center for Employee Health and Wellness (CEHW) is part of the Employee Benefits and Services Division. The CEHW is responsible for employee and applicant pre-placement and in-service medical examinations, medical records, representing the county in hearings before the Civil Service Commission regarding appeals of medical findings, and advising the county's management on compliance with Occupational Safety and Health Administration (OSHA) regulations and occupational medical problems.

Salaries and benefits of \$1,817,432 fund 18.5 budgeted positions and are increasing as a result of Board approved increases for contract employees.

Services and supplies of \$959,491 include the cost to provide medical exams and other health related services. These costs have increased by \$125,578 due to the opening of the Victorville location and now providing services at both the Colton and High Desert locations. These costs are directly offset by an increase in revenue.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$15,200 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$263,339 are for administrative support from Human Resources, Employee Benefits and Services, lease costs for the High Desert facility, and office expenses.

Reimbursements of \$1,694,638 are based on budgeted staffing and are collected from all county departments to fund the CEHW programs. The \$137,562 decrease is offset by an estimated increase in fee revenue.

Revenue of \$1,059,368 includes fees for services such as physical examinations and vaccinations. The \$326,826 increase is the result of approved fee adjustments to recover the actual costs of providing services, and an estimated increase in examinations performed based on the opening of the High Desert location.

Unemployment Insurance

DESCRIPTION OF MAJOR SERVICES

This is a mandated program based upon a 1978 amendment to the California Unemployment Insurance Code extending unemployment insurance benefits to all public employees. Management's objective for the program is cost containment. Unemployment insurance claims filed by former county employees are monitored, reviewed for eligibility, and challenged when appropriate to prevent abuse of the program.

There is no staffing associated with this budget unit.

Salaries and benefits of \$3,960,740 represent anticipated unemployment claims to be paid during 2008-09. Due to a decrease in administrative charges owed to the Employee Benefits and Services Division, transfers for 2008-09 have been reduced and the difference was moved to salaries and benefits to pay for potential claims.

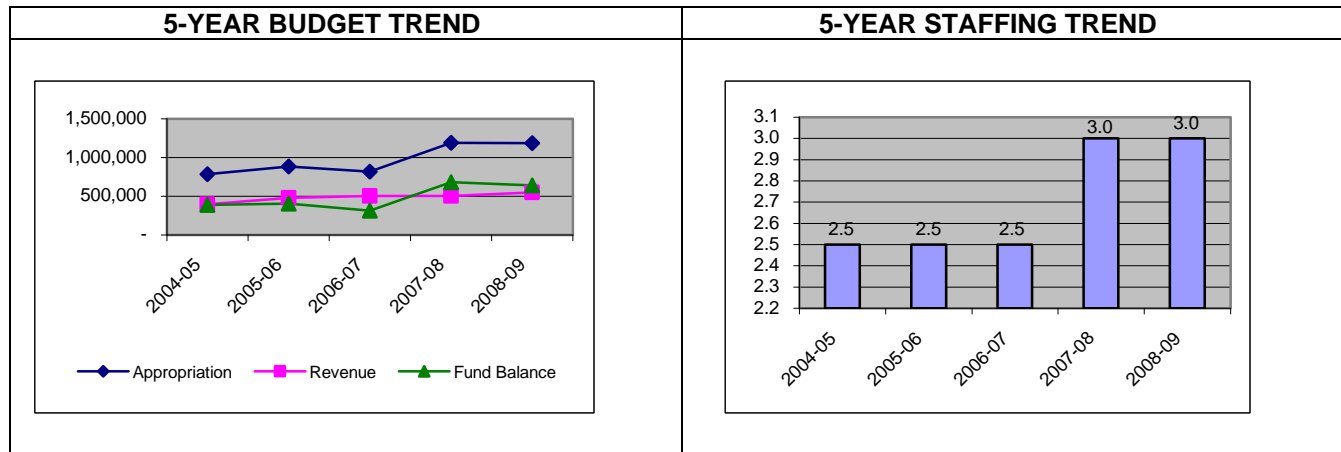

Commuter Services

DESCRIPTION OF MAJOR SERVICES

The Commuter Services fund was established to account for funds received under AB 2766 to finance mobile source air pollution reduction programs. AB 2766 authorizes air pollution control districts to levy fees on motor vehicles to be used to reduce air pollution. Under this program, the Department of Motor Vehicles collects fees and remits amounts to the appropriate Air Quality Management District (AQMD) for vehicles registered within the district. This fund receives AB 2766 funding from both the South Coast Air Quality Management District (SCAQMD) and the Mojave Desert Air Quality Management District (MDAQMD).

Salaries and benefits of \$188,234 fund 3.0 budgeted positions and are decreasing slightly as a result of reduced workers' compensation and retirement charges.

Services and supplies of \$326,868 include charges for operating van pools and other ride share programs, and estimated costs to implement the online annual survey.

The travel appropriation is new for 2008-09. The amount budgeted of \$1,100 reflects anticipated travel costs in the areas of private mileage and daily motor pool vehicle rental. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

In 2008-09, Commuter Services anticipates purchasing one additional vehicle in the amount of \$33,000 for the van pool program. In 2007-08, three vehicles were budgeted, but only two were purchased.

Transfers of \$44,278 represent charges for administrative oversight and office expenses. Reimbursements have decreased by \$16,300 due to moving the Suggestion Award Committee function to a different budget unit within Human Resources.

Contingencies of \$590,116 have increased by \$13,553 based on the estimated fund balance.

Departmental revenue of \$548,000 includes payroll deductions from employees participating in the van pool and rideshare programs, as well as funds from the Air Quality Management Districts.

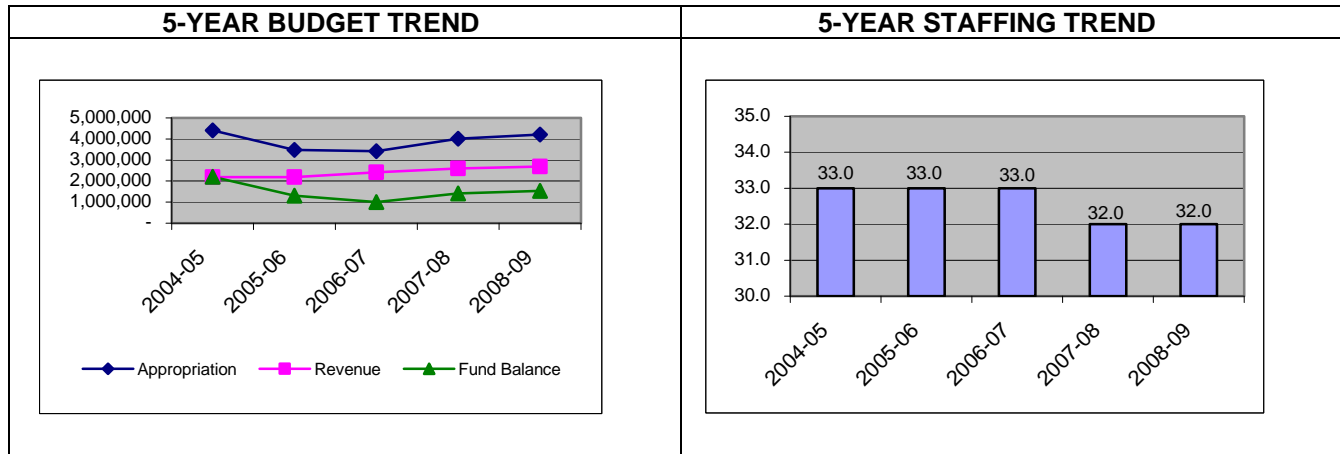

Employee Benefits and Services

DESCRIPTION OF MAJOR SERVICES

Employee Benefits and Services, under the direction of the Human Resources Department, administers the County's health, dental, vision, and life insurance plans as well as its integrated leave programs.

Salaries and benefits of \$2,392,392 fund 32.0 budgeted positions and are decreasing slightly as a result of reduced workers' compensation and retirement costs.

Services and supplies of \$1,147,166 include consulting services, office expenses, tuition reimbursement, and printing/mail charges. The \$367,067 increase results from anticipated printing/mail courier charges, and increased County Counsel fees which were included in the Transfers appropriation last year.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$25,000 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees. These costs were based on a departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$367,163 include charges for administrative oversight, facilities, and office expenses. The \$131,416 decrease results from County Counsel fees now being included in the services and supplies appropriation unit.

Reimbursements of \$939,012 include the departmental recharge and administrative support from the Unemployment Insurance and the Center for Employee Health and Wellness budget units.

Contingencies of \$1,189,795 are expected to decrease by \$67,136 based on the estimated fund balance.

Departmental revenue of \$2,684,008 represents consultant and administrative trust fund reimbursements, the ING allocation for administration of the salary savings plan, and revenue received from the Courts for personnel services.

INFORMATION SERVICES

Stephen Hall

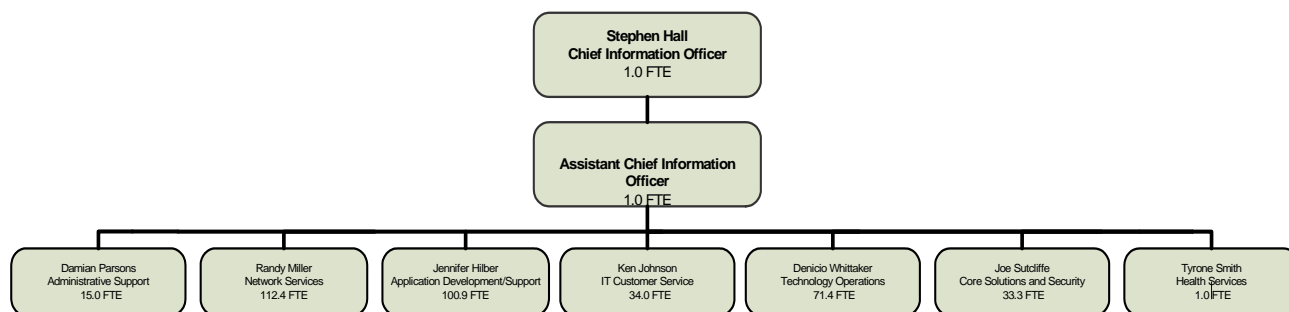

MISSION STATEMENT

The Information Services Department (ISD) provides secure, innovative, contemporary, and accessible technology in computer, media, and communication services in the most cost effective manner, to enable departments and agencies to accomplish the mission of San Bernardino County.

STRATEGIC GOALS

1. Provide technology solutions that enable the department and its customers to better serve county residents.
2. Improve customer satisfaction by delivering products and services that exceed expectations.
3. Improve telecommunication and data transmission capabilities to better respond to emergencies and disasters.

Application Development

DESCRIPTION OF MAJOR SERVICES

The Application Development and Support division provides support for county departments as they develop, enhance and maintain business applications on a variety of hardware and software platforms. These applications include the county's enterprise accounting, payroll, budget, personnel, document imaging, public web sites, geographical information system and many other business line systems. ISD consults with departments to identify cost effective ways of conducting business and often provides business process reviews, cost analysis, and overall recommendations in the acquisition and integration of new systems.

In 2007-08, this budget unit anticipates salary savings due to a high vacancy factor resulting from difficulties in recruiting Programmer Analysts. This difficulty is a continuing trend for government related information technology positions over the past two years. Services and supplies are also estimated lower than budget due to the associated decrease in purchases of equipment and consumable supplies related to the high vacancy factor. The anticipated revenue shortfall is reflective of reduced billable hours resulting from the high vacancy factor.

Budgeted Staffing					107.5	109.2	1.7

Salaries and benefits of \$11,439,403 fund 109.2 budgeted positions and are decreasing by \$173,474 as a result of reduced costs for workers' compensation, retirement, and expected termination benefits. The reductions are offset by an increase of 1.7 in budgeted staffing resulting from the addition of 1.0 Business Applications Manager to support the Economic Development Agency, the 0.5 increase of a Multimedia Coordinator, and increases in budgeted overtime of 0.2.

Services and supplies of \$1,909,084 primarily include computer software, maintenance, and support, including contract programming services. The increase of \$252,160 is due to anticipated upgrades for Microsoft Developer Network (MSDN) licensing and the Visual Basic 6/SQL Server 2000 library, and expected increases for outside contractor services due to the continuing high vacancy factor. These increases are partially offset by a decrease in direct labor costs and the shift of training costs to the new travel appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$127,140 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit, and include additional training required for the MSDN upgrade.

Equipment of \$26,520 represents a video projector to broadcast Board of Supervisor's meetings at the County Government Center. The decrease of \$60,980 results from the removal of one-time Geographic Information System (GIS) policy item funding for servers, fiber channel storage, and additional equipment to support Multimedia Services.

Transfers of \$1,163,774 primarily include internal administrative costs and Human Resources services, which have increased slightly over last year.

Reimbursements of \$301,998, include reimbursement of \$118,300 for the Business Application Manager position added to support the Economic Development Agency, and \$183,698 for the ISD Healthcare Services Division Chief.

Operating transfers out of \$2,032,392 represent general fund financing of the 800 Megahertz (MHz) radio program. The decrease of \$408,384 represents the removal of the one-time general fund subsidy for non-general fund departments and outside County customers' radio access costs.

Departmental revenue of \$5,089,326 consists of systems development charges, GIS programming, and Street Network subscription services. The increase of \$395,342 is due to the Board approved rate increase for application development labor services and the GIS Street Network Subscription, and additional revenue from planned development projects.

In 2006-07, the department received 2.0 additional Programmer Analyst positions and \$475,155 in ongoing general fund financing to support the GIS. In 2007-08, the department received an additional \$85,000 in ongoing funding to support GIS. With this additional support the department was able to meet its performance measure to convert GIS data to the latest Spatial Database Engine. The department intends to further utilize these two positions and funding to begin upgrading the existing library of GIS applications. The performance measure, "percentage of applications upgraded to newest ESRI software platform," is projected to be 25% complete for 2008-09, as 30 applications have been upgraded. This process entails updating vendor software and building a GIS framework to improve overall performance, standardize GIS development, and better protect the county from future lengthy and costly upgrades.

Also in 2006-07, the department received \$95,997 in ongoing general fund financing for the addition of 1.0 Programmer Analyst III to support the Employee Management and Compensation System (EMACS) by improving payroll processing accuracy and helping to alleviate project backlogs. In 2007-08, ISD expects to meet the performance measure to have alleviated 10% of backlog projects, and estimates an additional 10% to be completed for the 2008-09 fiscal year.

In 2007-08, the department received 1.0 position and \$65,711 in ongoing general fund financing to enhance multi-media services to facilitate public access to information. The additional position enabled the department to meet all project deadlines within time schedules requested by customers. Multimedia services related requests have increased by 30% and ISD has been able to successfully meet this increased demand as a result of this additional position. The performance measure "percentage of multimedia service projects completed on time," is projected to be 95% complete for the 2008-09 fiscal year.

The Application Development division continues to consult with costumers to identify cost effective ways of conducting business from an information technology perspective, including cost analysis and recommendations for the acquisition and integration of new systems. As a result, 100% of customer requested application upgrades in 2007-08, were compatible with Windows Vista and Microsoft Office 2007. This enables departments to continue to move to newer, supported operating platforms and software in a timely manner, reducing costs associated with non-supported platforms and software.

Computer Operations

DESCRIPTION OF MAJOR SERVICES

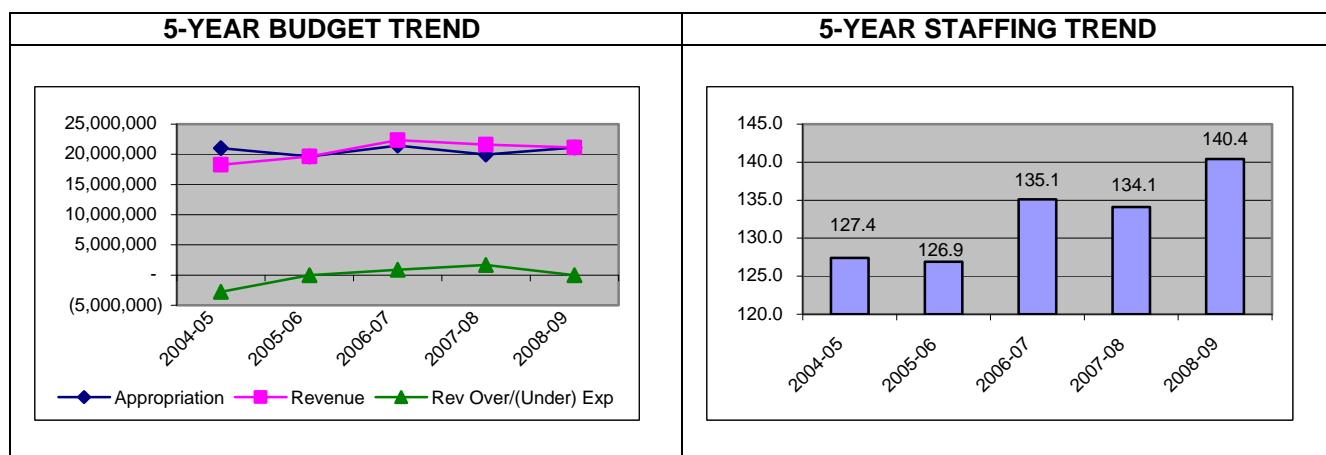

The Computer Operations division provides enterprise data center services and a portion of the county's communications services to county departments on a 24/7 basis. The division is comprised of 3 sections: Technology Operations, Information Technology (IT) Customer Service, and Core Solutions and Security. This budget unit is an internal service fund, which allows for net assets available at fiscal year end to be carried over to the next fiscal year to be used as working capital or for replacement of fixed assets.

Technology Operations provides for the design, operation, maintenance and administration of the county's Enterprise Data Center which supports the county's mainframe and includes server management for over 160 servers, integrated document imaging infrastructure for digitizing paper records, and print operations for bulk printing functions required by the county.

IT Customer Service assists departments in ensuring that their technology and business objectives are achieved. The division provides a Technology Support Center to handle service requests and problem tickets and IT Account Representatives to coordinate and assist departments in meeting their business and technology objectives.

Core Solutions and Security provides the county with global email, security direction and technology policies and procedures, along with technical services that support desktop communications and functions across the county.

Salaries and benefits of \$12,490,960 fund 140.4 budgeted positions and are increasing by \$321,660. The staffing and cost increases result from the following changes, and are offset by reductions in workers' compensation costs and call back pay:

- the addition of 2.0 Automated Systems Technician positions due to workload;
- the addition of 1.0 Administrative Supervisor position to improve the organizational structure and oversight;
- the addition of 1.0 Office Assistant II position due to scanning workload increases;

- the mid-year transfer of 2.0 Automated Systems Analyst II positions from the Board of Supervisors;
- the increase of 0.3 in budgeted overtime due to the high vacancy factor.

In addition, the Human Resources Department completed a study to restructure the Computer Operations and Wide Area Network sections of Information Services at the department's request. The following classification changes are based on recommendations resulting from this study, and have been included in the proposed budget:

- establish the classification of Information Services (IS) Section Manager, Management Unit, salary range R77 (\$86,944 - \$111,342);
- establish the classification of Information Services (IS) Administrator, Administrative Services Unit, salary range R71 (\$75,026 - \$95,992);
- salary changes for the Systems Support Supervisor classification from salary range R71 (\$75,026 - \$95,992) to salary range R73 (\$78,790 - \$100,818);
- the reclassification of 1.0 Systems Support Supervisor and 1.0 Business Application Manager to IS Section Managers;
- the reclassification of 3.0 Systems Support Analyst IIIs and 1.0 Programmer Analyst III to IS Administrators;
- the reclassification of 2.0 vacant Computer Operator III positions to Systems Support Supervisor.

The department is also recommending the following changes to align actual job functions and correct budgetary under-fills:

- the reclassification of an Automated Systems Technician to a Fiscal Specialist;
- the reclassification of an IT Account Representative II and a Programmer Analyst III to Business Systems Analyst IIIs.

Services and supplies of \$8,548,073 primarily include costs for computer software, systems development charges, and equipment maintenance. The increase of \$182,305 is due to increased COWCAP charges, anticipated computer software and systems development expenses, and is offset by the removal of travel and training expenses to a new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$310,770 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses and future technical training needs, previously budgeted in the services and supplies appropriation unit.

Other charges of \$6,868 include interest charges for the lease of the back-up generator. The slight decrease is due to the lease-purchase interest schedule.

Transfers of \$1,281,904 are for internal administrative allocations and Human Resources charges. The decrease of \$93,406 results from the removal of the transfer to the Auditor/Controller-Recorder for data entry services due to the transition to eTime.

Reimbursements of \$3,060,551 represent reimbursements for internal administrative costs and other position related costs from ISD's other budget units. The increase of \$365,399 is primarily due to the Board of Supervisors reimbursement for two Automated Systems Analyst positions and the Human Services reimbursement of a Systems Support Analyst III.

Depreciation of \$1,415,579 is increasing by \$708,794 per the department's depreciation schedule.

Operating transfers out of \$137,000 represent year one of a five year reimbursement to the general fund for the one-time Disaster Recovery policy item funding.

Current services revenue of \$20,952,775 is comprised primarily of central computer revenues. The increase of \$27,333 is due to Board approved rate changes. The department intends to use \$177,828 in retained earnings to fund cost increases not included in the service rates.

Equipment purchases of \$2,109,639 represent \$1,709,639 for regular equipment replacement and \$400,000 for unplanned customer requests to be expended only as needed, and reimbursed by the customer. Equipment purchases are decreasing by \$988,242 due to the removal of one-time fixed asset purchases for Disaster Recovery. Lease-purchase equipment costs are \$13,510 for the back-up generator and include an increase of \$785 due to the payment schedule.

ISD continues to strive to build and sustain a robust hardware and software support infrastructure to deploy countywide technology solutions, such as utilization of server virtualization technology. Virtualization technology enables a single physical resource, such as a server, to appear to function as multiple servers. The benefit of virtualization is a decrease in costs associated with server maintenance and support. The decision to obtain physical servers is not controlled by ISD, therefore the actual number of physical servers changes regularly. As a result, the department is replacing the performance measurement "Percentage decrease of Windows physical servers" with "Percentage of all physical servers virtualized". The Computer Operations Division completed the virtualization of 8% of the physical servers in 2007-08 resulting in less hardware and associated costs.

ISD met the performance measures to improve customer satisfaction by earning satisfaction ratings of 75% on surveys for both products and services and yearly billing. In addition, ISD continues to review its cost recovery methodologies to improve service rate accuracy. The department is evaluating new metrics to recover wide area network (WAN) and circuit utilization costs. The new metrics are designed to recover costs based on actual usage as opposed to billing for these services based on the number of email accounts. The resulting benefit is that costs will be more accurately recovered, and departments will be inclined to monitor their usage due to potential financial impact.

ISD continues to focus on improving business processes and service expectations. The department created a quality assurance unit to review new applications prior to implementation, to avoid duplication of effort, minimize issues and costs, and increase efficiency. As a result, ISD was able to achieve a 98% success rate for applications deployed to production after review by quality assurance.

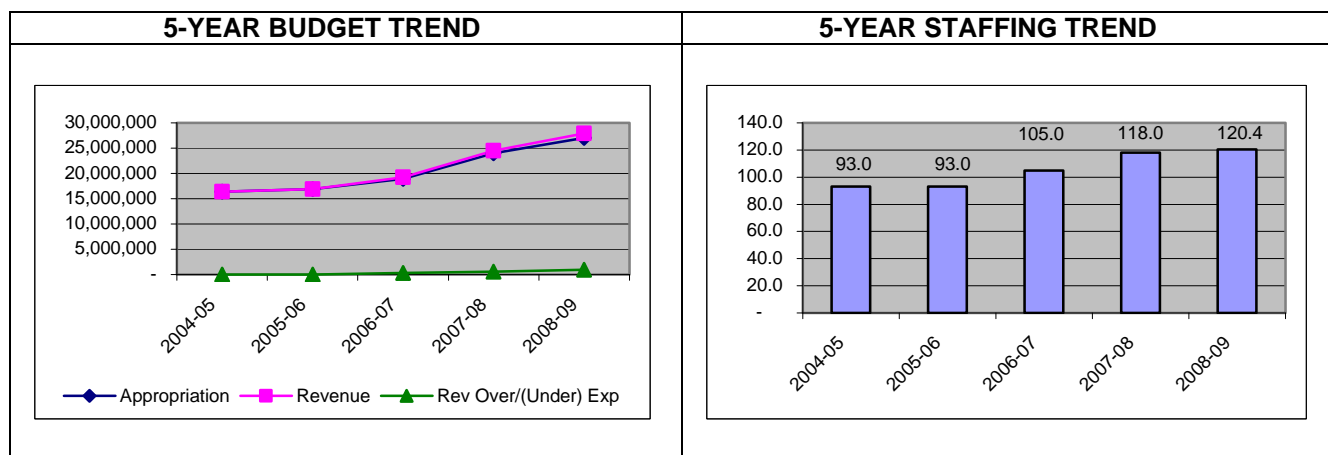

In 2007-08, ISD received one-time additional general fund financing to install and implement an offsite disaster recovery site for Intel-based computer applications. In 2008-09, the department plans to complete implementation and conduct integration disaster recovery testing to ensure the site is functioning as intended.

Network Services

DESCRIPTION OF MAJOR SERVICES

The Network Services division provides for the design, operation, maintenance and administration of the largest county-operated telecommunications phone network in the country; the county's Regional Public Safety Radio System that integrates all countywide sheriff, police and fire emergency radio dispatch capabilities; the paging system that consists of over 7000 pagers; and the Wide Area Network (WAN) that securely joins approximately 18,000 county users together for the efficient use of technology. The Information Services Department (ISD) manages a countywide microwave system (64 sites) that helps provide transport capabilities for each of the individual systems listed above.

In 2007-08, estimated appropriation is less than modified budget due to vacant position salary savings resulting from difficulties in recruiting for numerous information technology and radio positions. Departmental revenue is projected over budget as a result of an increase in the demand for data cabling services, communications installations and repairs, electronic maintenance services, mobile data computer services, and Virtual Private Network (VPN) access.

Salaries and benefits of \$10,969,991 fund 120.4 budgeted positions and are increasing by \$39,957 primarily resulting from the changes below, which are offset by decreases in costs for workers' compensation and call back pay, and a 0.6 reduction in budgeted overtime:

- Addition of 1.0 Network Services Supervisor to redistribute workload and increase efficiency;
- Addition of 1.0 Special Projects Leader to administer increased workload;

- 2007-08 approved midyear addition of 1.0 800 Megahertz (MHz) Analyst dedicated to the West End Communications Authority (WECA);
- Reclassification of 1.0 Network Services Supervisor, pay range 71 (\$75,026-\$95,992) to an Information Services (IS) Section Manager, pay range 77 (\$86,944-\$111,342) as recommended in the classification study completed by the Human Resources Department.

Services and supplies of \$12,746,084 primarily fund telephone and communications related costs and services, and are increasing by \$1,633,877 as a result of new on-going circuit costs associated with the WAN redesign and disaster recovery projects, and anticipated increases in the purchase of materials.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$214,185 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees for this budget unit. These costs were based on departmental analysis of past travel related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$3,044,149 fund internal ISD administration and overhead costs, including costs associated with Human Resources functions. The \$397,933 increase is primarily due to increased internal overhead allocations resulting from the addition of new positions.

Reimbursements of \$2,366,138 represent reimbursement of administrative costs by individual service departments within the Network Services budget unit. The increase of \$307,125 is due to increases in internal overhead costs and the addition of new positions.

Depreciation of \$2,146,707 is increasing by \$999,641 per the department's depreciation schedule.

Operating transfers out of \$143,407 fund the reimbursement of one-time policy item funding to the general fund received for the disaster recovery project and estimated costs for the General Services Administration building Capital Improvement Project.

Current service revenue of \$25,902,236 includes the following services: telephone, voicemail, toll free 800 numbers, rack space rental, pagers, 800 MHz radio access/maintenance, communication installation labor, electronic maintenance labor, and WAN service charges. The increase of \$4,072,021 is the result of Board approved rate increases, anticipated service demand, and projected revenues from WECA radio access and maintenance services.

Other financing sources of \$2,032,392 represents general fund financing of the 800 MHz radio program. The decrease of \$625,418 is primarily due to the reduction of the one-time rate subsidy in 2007-08 for non-general fund departments and agencies using the 800 MHz radio system. The remaining decrease is attributed to the removal of one-time funding for the Disaster Recovery site.

Fixed Assets of \$4,083,858 include the following:

- Trunked Simulcast Conversion equipment - \$325,000, which will be purchased from Motorola, a sole source vendor.
- Radio system equipment - \$154,000, which will be purchased from Motorola, a sole source vendor.
- Radio system test equipment - \$110,000.
- Upgrades for existing Private Branch eXchange (PBX) hardware - \$300,000
- Upgrades of microwave system hardware - \$148,089 and microwave test equipment - \$75,000, to be purchased from Harris Microwave, a sole source vendor.
- Replacement of end-of-life network system hardware for the WAN - \$368,769.
- Acquisition of land to install an additional microwave site to transmit 800 MHz radio and telephone signals, replacing an existing site that ISD was required to vacate - \$200,000.
- Equipment in the event of catastrophic events/unplanned requirements to be expended only as needed - \$500,000.

The increase of \$1,198,366 is primarily attributed to new equipment/improvement needs as detailed below:

- Electronic fork lift to replace obsolete equipment - \$15,000.
- Switch replacements to replace obsolete equipment - \$200,000.
- Simulcast Clocks to replace obsolete equipment - \$120,000.
- The addition of one van and one vehicle - \$80,000.
- E911 related equipment - \$120,000.
- IP Trunking Conversion equipment - \$100,000.
- Capital improvement costs to enhance ISD warehouse facilities - \$60,000.
- Capital improvement costs for warehouse heat evacuation system - \$63,000.
- Radio system enhancement - \$251,000, which will be purchased from Motorola, a sole source vendor.
- WAN redesign equipment consisting of the following: backbone hardware - \$375,000; data center switch enhancement - \$84,000; WAN acceleration equipment - \$100,000; Enterprise Wireless Solution - \$45,000; and Cisco EOL 3662 replacement routers - \$250,000.

In support of ISD's goal to provide technology solutions that enable customers to better serve the citizens of the county, ISD met the performance measure to establish 100% of Internet Protocol (IP) based connections for telephone usage between the county's main telephone locations in 2007-08. In addition, the department's goal to establish IP based connections for telephone usage between the county's main telephone locations and outlying areas is estimated to be 50% completed in 2008-09.

ISD has replaced the 2007-08 performance measure "Percentage of network that has been reconfigured to fully utilize new link and bandwidth" with "Implement phased WAN backbone redesign," based on the results of an analysis to maximize the available bandwidth capacity throughout the county, to provide greater redundancy. In addition, all 1,200 red channel radios were deployed in 2007-08, enhancing 800 MHz operability between various valley-wide law enforcement agencies.

In order to be better prepared to manage the results of natural disasters ISD will complete the implementation of an alternative disaster recovery site and conduct integration disaster recovery testing to ensure proper functionality this year. In addition, the department plans to create a mobile disaster recovery unit to facilitate disaster relief efforts, and implement enhanced 911 calling line identification software and hardware solutions to enable dispatchers to accurately pinpoint where emergency callers are located, improving emergency response times to county campus locations.

800 Megahertz – Rebanding Project

DESCRIPTION OF MAJOR SERVICES

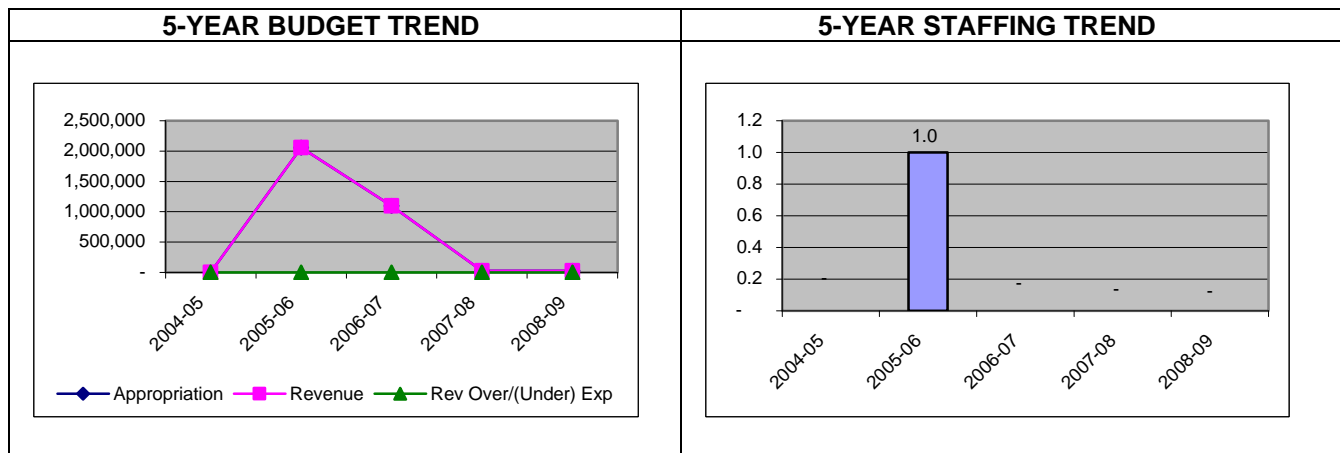

The Information Services Department (ISD) operates and maintains the county's 800 MHz Radio Communications System. This system provides county wide, fully interoperable radio communications by which dispatch centers, public safety locations, mobile and portable radios communicate via voice transmission. This system is primarily for local government agency use, and secondarily for additional governmental and related non-governmental users to facilitate public safety. The users consist of county departments, 24 cities, special districts and several outside agencies. This system supports approximately 15,000 radios used by the county's public safety agencies and public health providers throughout the county.

On August 6, 2004, the Federal Communications Commission (FCC) issued Report and FCC Order 04-168 (Order) that modified its rules governing the 800 MHz band to minimize harmful interference to public safety communications systems. Pursuant to the Order, certain licensees of 800 MHz channels in public safety or other systems were required to relinquish their existing channels and relocate their systems to other licensed channels. The Order stipulated that because Nextel communications is the main cause of the interference, they must pay for the relocation to replacement channels and the reconfiguration of these systems. The Order further stipulated that upon completion, these systems must have the same operational capabilities that existed before relocation.

Each Public Safety 800 MHz communication system licensee was required to negotiate a re-banding project plan and agreement with Nextel. This agreement was to include all aspects of re-banding and cost estimates. Nextel was required to secure a \$2.5 billion line of credit to be administered by the Transition Authority (TA) to reimburse Public Safety re-banding system entities of their costs.

The county began the planning phase of the re-banding process in 2005. The initial phase involved a frequency analysis, infrastructure inventories, and the development of the Planning Funding Agreement (PFA) with Nextel. The Board approved the PFA on April 18, 2006. Subsequently, on December 5, 2006, the Board approved a contract with Motorola as a sole source provider for reconfiguration planning services. According to the FCC's Order, the entire process was to be completed by July 2008; however, the project is currently on hold nationwide awaiting further direction from the FCC.

Revenue Over/(Under) Exp	-	(678,295)	(976,118)	-	(13,000)

In 2007-08, estimated costs are less than the modified budget due to limited progress being made on the rebanding project nationwide. The majority of costs were for the contract employee responsible for the administration of the County's rebanding project, and this contract was terminated effective October 31, 2007.

Departmental revenue has not been collected as the County is waiting for direction from Nextel to determine when claims for these costs can be submitted. To date, the County has not received reimbursement for prior year costs for completion of the inventory and planning phase of the project. The estimated date of completion is June 30, 2008, and at that time, the County will submit a claim to Nextel for the outstanding costs.

In 2008-09, the department is budgeting \$25,000 in services and supplies for general project administration, and \$25,000 in revenue for reimbursement of those costs. When direction is received from the FCC regarding the subsequent phases of the project, the department will seek Board of Supervisors approval to make any necessary budget adjustments based on new or revised orders from the FCC.

MISSION STATEMENT

The Purchasing Department is dedicated to managing for our customers the most cost-effective and efficient procurement of quality goods and services in support of the County of San Bernardino mission and goals. We will accomplish this through exceptional customer service, innovative processes, and sound business practices.

STRATEGIC GOALS

1. Expand the Purchasing Training Program for Procurement and Internal Service Fund Policies and procedures to ensure quality customer service.
2. Enhance the quality of service for departments by increasing the number of Buyers that earns the C.P.M. accreditation within the Purchasing Department.
3. Promote efficiency by streamlining the Request for Proposal (RFP) process for county departments.
4. Initiate savings by implementing the County Travel Website for county business travel.
5. Enhance revenue streams by increasing County Surplus Property Sales.

DESCRIPTION OF MAJOR SERVICES

The Purchasing Department is responsible for the acquisition of equipment, services, and supplies used by county departments and Board-governed districts. The department facilitates the procurement process, administers contracts, promotes cost-saving cooperative purchasing initiatives, and oversees programs such as CAL-Card procurement cards and next-day delivery of office supplies throughout the county. In addition, we provide in-house services such as comprehensive mail services, printing and graphics design, and disposition of surplus property through three internal service programs (Mail/Courier Services, Printing Services, and Surplus Property and Storage Operations).

The Purchasing Department strives to provide outstanding service to all customers by acting with integrity; locating sources for quality products with reasonable prices and timely deliveries; offering progressive services and the effective use of automation; giving all willing vendors the opportunity to provide pricing on their products and services in a fair, open, and competitive environment; and by treating each department, employee, and vendor with respect and understanding. By meeting these objectives, the department fulfills the purchasing obligation and legal requirements of the San Bernardino County.

Salaries and benefits of \$1,580,313 fund 19.0 budgeted positions and are increasing by \$189,419, primarily due to the transfer of 2.0 Office Assistant II positions and 1.0 Fiscal Assistant from other divisions (internal service funds), and the addition of 1.0 Staff Analyst II due to workload requirements related to program administration and fiscal management. The department is seeking a reclassification of 1.0 Office Assistant II to an Office Assistant III due to the increase in responsibilities as a result of performing additional functions related to the support of all internal service divisions and newly acquired administrative functions.

Services and supplies of \$5,076,381 includes office supplies, equipment maintenance, presort and packing and printing charges. The increase of \$4,992,387 represents the purchase of office supplies on behalf of county departments which was previously accounted for in one of Purchasing's internal service funds.

Transfers of \$12,559 include \$5,500 for facility maintenance, \$3,603 for office supplies, and mandated EH&P charges of \$3,456.

Reimbursements of \$5,189,639 represent payments of \$5,000,000 from departments for office supplies, and \$189,639 from internal service funds for administrative support.

Departmental revenue of \$259,964 represent \$234,964 from proceeds for administering consolidated billing of office supplies, and \$25,000 for CAL-Card purchase rebates.

Printing Services

DESCRIPTION OF MAJOR SERVICES

Printing Services composes, sets, prints, collates, and binds county forms, pamphlets, business cards, and reports for County departments and special districts, including administration of the Arrowhead Regional Medical Center (ARMC) Forms Program. This division provides high quality printed materials and graphic design services utilizing the latest technological advances, and strives to deliver services in a timely and cost effective manner that is beneficial to its customers. Customers include County departments and other public agencies.

The Printing Services division budget unit is an Internal Service Fund (ISF) of the Purchasing Department. All operational costs of this program are distributed to user departments through user rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used for working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Salaries and benefits of \$1,060,521 fund 19.0 budgeted positions and are increasing by \$17,842 primarily due to staffing changes. In 2007-08, the Board of Supervisors approved the transfer of ARMC printing services to the Purchasing Department; this transfer added 1.0 Reproduction Equipment Operator. Due to the increase in customer demand, the Bindery Equipment Operator to a Reproduction Equipment Operator I (\$1,497) reclassification will align the duties being performed by the incumbent with those of the recommended classification. Also, the new management Printing Services Supervisor to a new manager classification (\$3,338) is being requested due to the increase in responsibility by the addition of the ARMC Forms program and compensate for the added duties while creating future growth within printing services. The addition of 1.0 Automated Systems Technician will assist Printing Services with hardware/software support and automation efforts. The deletion of one position in 2007-08 will more than offset the cost of the reclassifications and one-half of the new position. The remaining cost associated with the new position will be funded by the Department's other internal service funds for work in those divisions as noted below.

Services and supplies of \$3,000,829 include the purchase of materials for all the printing jobs, hardware and software upgrades for graphic artists, office supplies, outside printing requests, COWCAP charges, and rental payments for the Quick Copy machines. The increase of \$469,804 is primarily due to the purchase of extra materials for the ARMC Forms Program, and the purchase of additional supplies to meet increased demand by user departments for printing services. In addition, costs for paper products in general have risen in the past year.

Transfers of \$75,704 represent reimbursement to Purchasing's general fund budget unit of \$63,213 for administrative support, office supplies purchases, and mandated EHAP charges.

Reimbursements of \$25,230 represent transfers from both Mail/Courier Services and Surplus Property and Storage Operations budget units for a total of one-half reimbursement of the Automated Systems Technician salary and benefits.

Departmental revenue of \$4,159,689 includes \$3,451,689 for all printing services job orders and graphic design services, and \$708,000 for the ARMC Forms Program. The increase of \$450,840 is primarily due to an anticipated increase in printing and graphic design services by user departments.

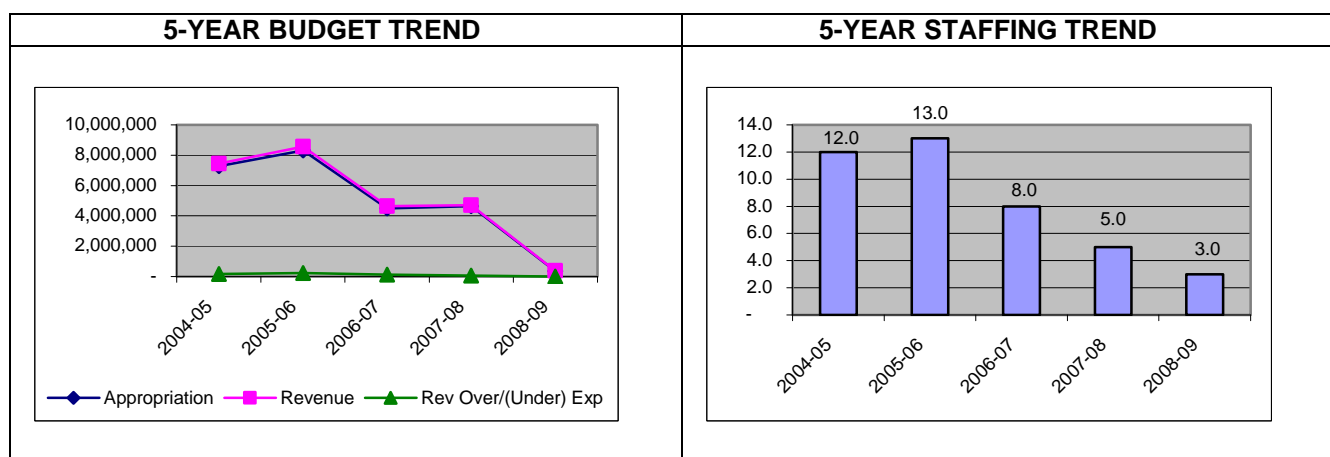

Surplus Property and Storage Operations

DESCRIPTION OF MAJOR SERVICES

Surplus Property and Storage Operations maintains the stock of surplus property, serving as a storage facility, placing equipment with other departments and approved community-based organizations (CBO's) for re-use, selling surplus property to the general public through auction vendors, and administering the printer cartridge recycling program. The division strives to accurately inventory and fairly distribute surplus property to interested departments, CBO's, and the general public, according to County policy. In this budget year, the division will begin to reserve and disseminate surplus property on Countyline, and will continue to liquidate surplus information technology equipment on the internet, in an effort to maximize revenue.

The Surplus Property and Storage Operations budget unit is an Internal Service Fund (ISF) of the Purchasing Department. All operational costs of this program are distributed to user departments through user rates. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used for working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Salaries and benefits of \$147,491 fund 3.0 budgeted positions and are decreasing by \$105,074 due to the transfer of 2.0 positions (1.0 Fiscal Assistant and 1.0 Office Assistant II) to Purchasing's general fund budget unit, thus continuing the consolidation of services and increasing efficiencies within surplus property and storage operations.

Services and supplies of \$148,047 include the purchase of materials and office supplies, system development charges, general equipment maintenance, and materials disposal. The decrease of \$4,136,234 primarily reflects the shift of office supply procurement to Purchasing's general fund budget unit for 2008-09.

Transfers of \$79,597 include reimbursement to the Purchasing Department for administrative support, reimbursement to Printing Services for a portion of 1.0 Automated Systems Technician, who will provide hardware and software support for the division's databases and computer wiping station, and mandated EH&P charges. The \$12,892 decrease is a result of a recalculation of administrative fees charged to the division.

Reimbursement of \$20,000 represents a transfer from Human Services for surplus property given to community-based organizations.

Charges for current services of \$372,700 includes revenue from storage fees; recycling of printer cartridges, metal, and telephones; internet surplus sales; public auctions; and surplus property handling fees to county departments. The \$4,333,300 decrease in revenue is due to the shift of office supply procurement to Purchasing's general fund budget unit for 2008-09.

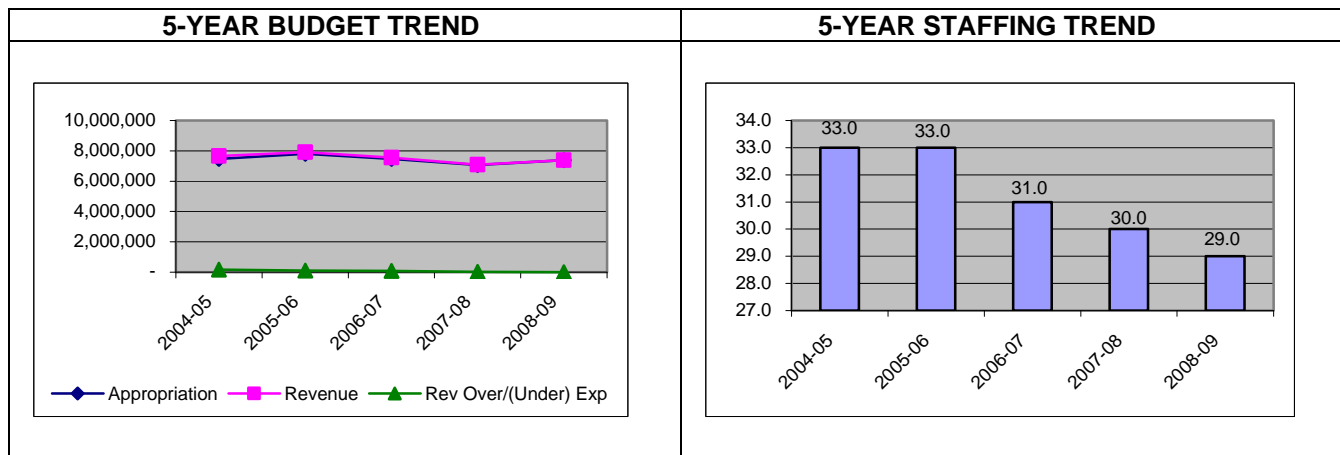

Mail/Courier Services

DESCRIPTION OF MAJOR SERVICES

Mail/Courier Services provides inter-office, U.S. Postal, and courier service to agencies, departments, and special districts within the county. This division also provides automated mailing services such as inserting, folding, and labeling, and coordinates with the Printing Services Division for special projects. The division's main goal is to deliver each piece of mail in a timely and accurate manner.

The Mail/Courier Services Division budget unit is an Internal Service Fund (ISF) of the Purchasing Department. As an ISF, any unrestricted net assets available at the end of a fiscal year are carried over to the next fiscal year and are used as working capital and for replacement of fixed assets. Any excess or shortage is incorporated into the rate structure.

Per the June 30, 2007 Report of Operations prepared by the Auditor/Controller-Recorder, the working capital requirements for this fund is \$1,161,986. In 2007-08 rate adjustments for both the presort and inter-office functions took effect, to compensate for the \$13,624 unrestricted net assets shortage in this budget unit. At the end of 2007-08, the rates for Mail/Courier Services will be re-evaluated to determine if rate adjustments will be required midyear in 2008-09 in order to continue to maintain unrestricted net asset balances of approximately two months operating expenses to serve as working capital.

The 2007-08 estimated appropriation and departmental revenue are greater than the budgeted amounts due to an overage in services and supplies related to increased costs for outside service providers that interface with the county's system, along with increased revenue for the sale of fixed assets.

Salaries and benefits of \$1,431,462 fund 29.0 budgeted positions and are decreasing by \$46,873 due to a transfer of 1.0 Office Assistant II to Purchasing's general fund budget unit. Included in the 2008-09 budget, is the reclassification of a Mail Services Supervisor II to a manager position (\$3,338). The basis of the reclassification is to align the evolving duties and responsibilities of this program with an appropriate classification.

Services and supplies of \$5,834,287 include general office expenses, reimbursable postage, COWCAP charges, presort and barcode services, equipment maintenance, and vehicle charges. The increase of \$331,008 is due primarily to the increase in first class postage effective May 12, 2008.

Transfers of \$81,763 represent reimbursement to the Purchasing Department of \$63,213 for administrative support, reimbursement to Printing Services of \$10,092 for a portion of an Automated Systems Technician salary to provide hardware/software support for the division, and mandated EH&P charges.

Charges for current services of \$7,386,411 include revenue from mail and courier services. The \$293,223 increase is primarily a result of the mid-year postal rate increase for first class postage, which is reimbursed by user departments.

Equipment is budgeted at \$45,000 for the purchase of four postage meters required to comply with new United States Postal Service technology standards. Mail Services maintains a total of six postage meters, of which two were replaced in 2007-08. The increase of \$23,000 is related to the four remaining meters that must be replaced.

Lease-purchase equipment of \$21,179 represents principal-only payments on the last year of a five-year lease purchase of non-intelligent inserters.

RISK MANAGEMENT

Laurie Milhiser

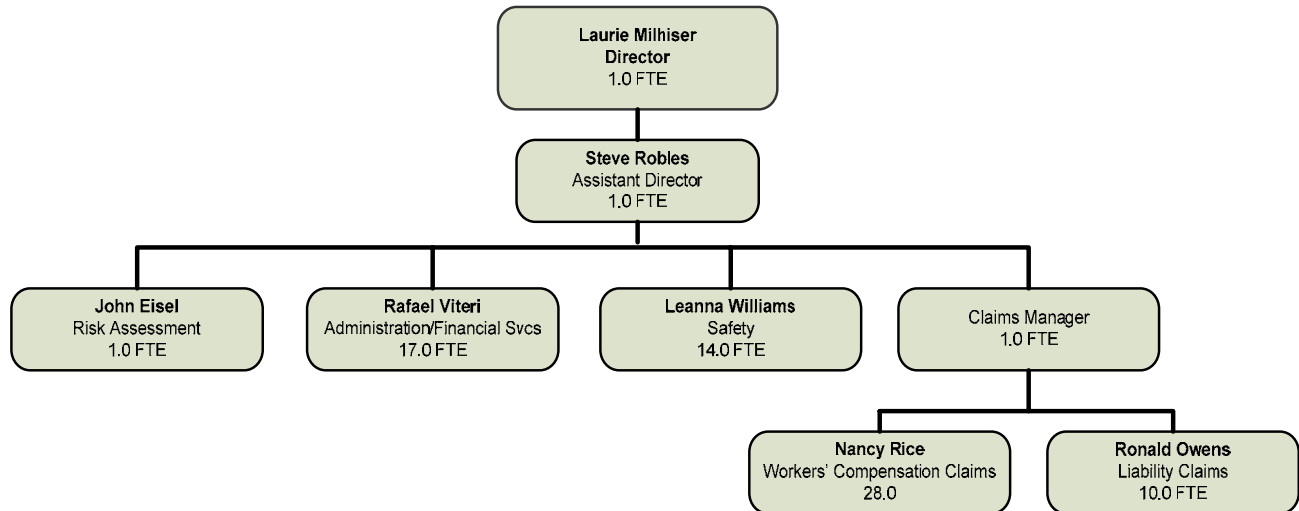

MISSION STATEMENT

Risk Management seeks to minimize the frequency and severity of financial loss to the County through a coordinated Integrated Risk Management Program which includes identification and assessment of exposures that can result in loss, effective risk reduction and loss prevention programs for identified risks, aggressive claims management, and fiscally responsible risk financing and recovery.

STRATEGIC GOALS

1. Minimize risk management costs and stabilize premiums charged to county departments.
2. Improve customer service by providing interactive communication of risk management data.

Operations

DESCRIPTION OF MAJOR SERVICES

Risk Management administers the county's self-insured workers' compensation, public liability, property conservation, safety and risk reduction programs and its insured programs. All programs are paid from self-insurance funds and financed by charging general fund and non-general fund departments, as well as Board-Governed Special Districts and County Service Areas. Each is billed for its specific coverage for the cost to pay losses under the self-insured programs and the cost of insurance for the insured programs.

Salaries and benefits of \$5,948,603 fund 73.0 budgeted positions and are increasing by \$142,086 as a result of the addition of 1.0 Claims Manager position; the requested reclassification of an Office Specialist (clerical unit, pay range 35) to an Executive Secretary II (exempt unit, pay range 45); the downgrade of a Supervising Automated Systems Analyst to an Automated Systems Technician to correct a budgetary underfill; and the 2007-08 approved mid-year reclassification of 5.0 positions from Safety Specialist to Departmental Safety Specialist.

Services and supplies of \$1,385,130 include costs for general office expenses, information technology equipment and services. The \$157,259 decrease primarily results from a reduction in the COWCAP allocation, and the movement of travel and training related costs to a new appropriation unit.

Travel is a new appropriation unit for 2008-09. The amount budgeted of \$49,655 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental, and conference fees for this budget unit. These costs were based on departmental analysis of past travel-related expenses previously budgeted in the services and supplies appropriation unit.

Transfers of \$93,810 represent costs for Human Resources programs, Office Depot expenses, and payments made to the Auditor/Controller-Recorder for facilities charges. The increase of \$60,576 is due to office expenses and facilities charges now accounted for in this appropriation unit as opposed to the services and supplies appropriation unit.

Reimbursements of \$633,153 include payments from the insurance funds for six Safety Specialists and a Workers' Compensation Claims Adjuster based on various Board of Supervisor's actions.

Operating transfers out of \$250,000 is an estimate of stale dated warrants and a projected reimbursement of the fund's year-end cash balance to the insurance funds.

Departmental revenue of \$520,000 includes interest and administrative fee revenue from the Emergency Medical Services Program.

Operating transfers in of \$6,660,783 comes from the various insurance funds which are financed through Board of Supervisor's approved rates paid by departments, Board-Governed Special Districts, and County Service Areas. The \$108,462 increase results from the increased costs of program administration including salary and benefits increases due to staffing changes.

Fixed asset equipment of \$5,389 reflects the anticipated cost to lease a copier.

In 2007-08, estimated appropriation is less than modified budget due to lower than projected costs for legal defense, settlements, investigations, medical treatment, and permanent and temporary disability payments.

Departmental revenue is anticipated to be greater than budget as a result of additional interest received due to increasing fund balances as a result of achieving actuarial confidence levels. Additional revenue is also the result of claims cost recoveries and excess insurance reimbursements.

Services and supplies of \$56,540,250 includes judgment and settlement costs, medical treatment and expenses, temporary disability and loss earnings, property insurance, and legal defense services. The \$6,241,507 decrease is due to a reduction in claims costs for litigation, investigation, property damage, and settlements.

Other charges of \$452,000 represent costs for taxes and assessments by the State of California for the workers' compensation self insurance plans.

Transfers of \$633,153 fund salary and benefit costs for six Safety Specialists and a Workers' Compensation Claims Adjuster, from various insurance funds resulting from Board of Supervisor's actions.

Operating transfers out of \$6,660,783 represent funding for the Operations Division. The \$108,462 increase is due to staffing adjustments.

Departmental revenue of \$84,075,100 includes \$78,620,000 in insurance premiums collected from user departments. The \$25,635,000 decrease results from obtaining 80% acceptable confidence levels in the self-insurance funds, as recommended by actuarial analysis. Also included is \$5,405,100 in anticipated interest earnings, which increased by \$3,370,417 based on estimated unrestricted net assets.

In 2001, a commitment was made to restore the self-insured fund balances to the marginally acceptable 70% confidence level by 2008. Risk Management implemented a five year recovery plan that accounts for the liquidation of a Guaranteed Investment Contract (GIC) in the amount of \$52.5 million at the end of 2008. By the end of 2006-07, 80% of Risk Management funds had attained the 70% confidence level target. As a result of the county's favorable financial condition, the department increased the confidence levels from the marginally acceptable 70% to a more conservative 80%, as recommended by actuarial analysis. In 2008-09, these reserves are estimated to be fully restored, and premiums charged to departments will be stabilized and reduced.

LOCAL AGENCY FORMATION COMMISSION
Kathleen Rollings-McDonald

DESCRIPTION OF MAJOR SERVICES

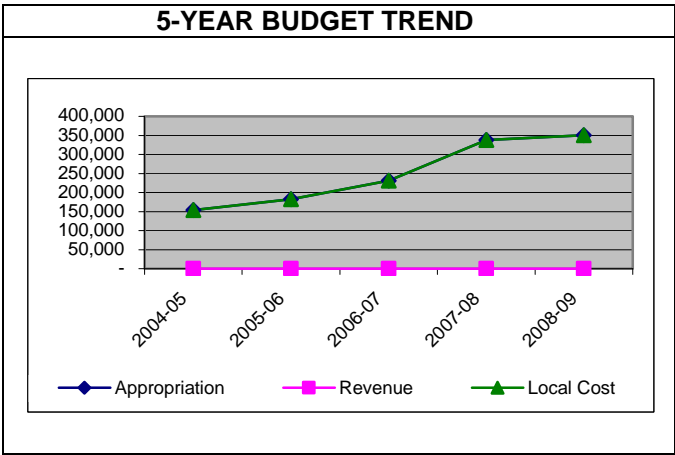

The Local Agency Formation Commission (LAFCO) is an independent regulatory body charged with the responsibility to encourage the orderly growth of government agencies, to preserve agricultural lands, to discourage urban sprawl, and to assure efficient delivery of services through local government agencies within San Bernardino County. In meeting these responsibilities, the Commission:

- 1. Regulates proposed boundary and sphere of influence changes for cities and special districts;
- 2. Conducts sphere of influence updates and municipal service reviews. The Commission also has the authority to initiate and make studies of existing government agencies and initiate proposals for consolidations, mergers, or dissolutions of special districts based upon its findings.
- 3. Regulates the formation and dissolution of cities and special districts; and
- 4. Reviews contracts for the provision of services outside the boundaries of cities and special districts.

Costs in this budget represent the county’s legally mandated contribution to LAFCO which is one-third of the operating cost that is not reimbursed by fees and other revenue.

There is no staffing associated with this budget unit.

Other charges of \$350,000 represent the county's mandated contribution of one-third of LAFCO's net operating costs which include salaries and benefits, services and supplies, and travel related expenses offset by revenue from fees and other revenues. The net increase of \$11,785 is due to higher salaries and benefit costs due to the provision for cost of living adjustments for LAFCO staff and merit increases. These increases are offset by a reduction in professional services based on the elimination of certain extraordinary expenditures in 2007-08.

COUNTY SCHOOLS

Herb Fischer

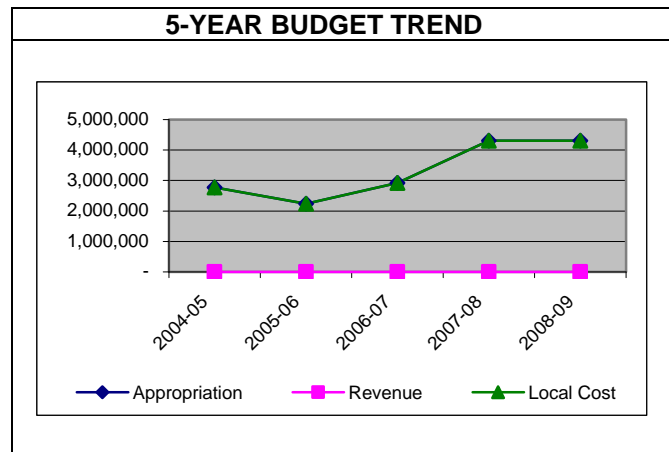

DESCRIPTION OF MAJOR SERVICES

This budget unit represents the county's total legal and contractual obligations to contribute to the costs of the Superintendent of Schools and School Claims, known collectively as the San Bernardino County Office of Education. The Superintendent of Schools is the elected chief school administrative office of the county and is mandated by state law to provide various services for 33 school districts and two regional occupational programs. The Superintendent also provides ancillary services to five community college districts within the county. Through state and other funding sources, the Superintendent provides services to over 400,000 grades K through 12 students and approximately 40,000 community college students in accordance with the Education Code. These services also include alternative education, special education, curriculum and instruction. As a fiscally dependent County Office of Education, this budget supports administrative housing, maintenance, and other contracted support.

The School Claims Division was established to independently perform all audits and approval functions required of the Auditor/Controller-Recorder and the Superintendent of Schools. School Claims is jointly responsible to those elected officials. These services include warrant production, control and the examination and audit of the payrolls and other expenditures from the funds of the school districts and entities in the county.

The San Bernardino County Office of Education is one of the last dependent school systems in the state. This dependent relationship limits state funding. On February 21, 2008, Assembly Member Carter introduced AB2282, an act to amend Section 2558 of the Education Code relating to education finance. This bill would express a finding and declaration of the Legislature that, due to the unique circumstances of the San Bernardino County Office of Education, a general statute within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable, and the enactment of the bill is therefore necessary. This bill would provide access to state aid with an inflation allowance as provided in Section 2557 of the Education Code. In anticipation of the passage of the proposed legislation and to facilitate the change to independent status of the Superintendent, the County Administrative Office is currently working with the Superintendent's office in negotiation of an agreement establishing an annual maintenance of effort (MOE). The establishment of this fixed MOE would be mutually beneficial to both parties as it would limit the county's financial obligation as well as provide a substantial base year funding level for state aid for the San Bernardino Office of Education. Once this agreement is finalized, it will be presented to the Board of Supervisors for approval.

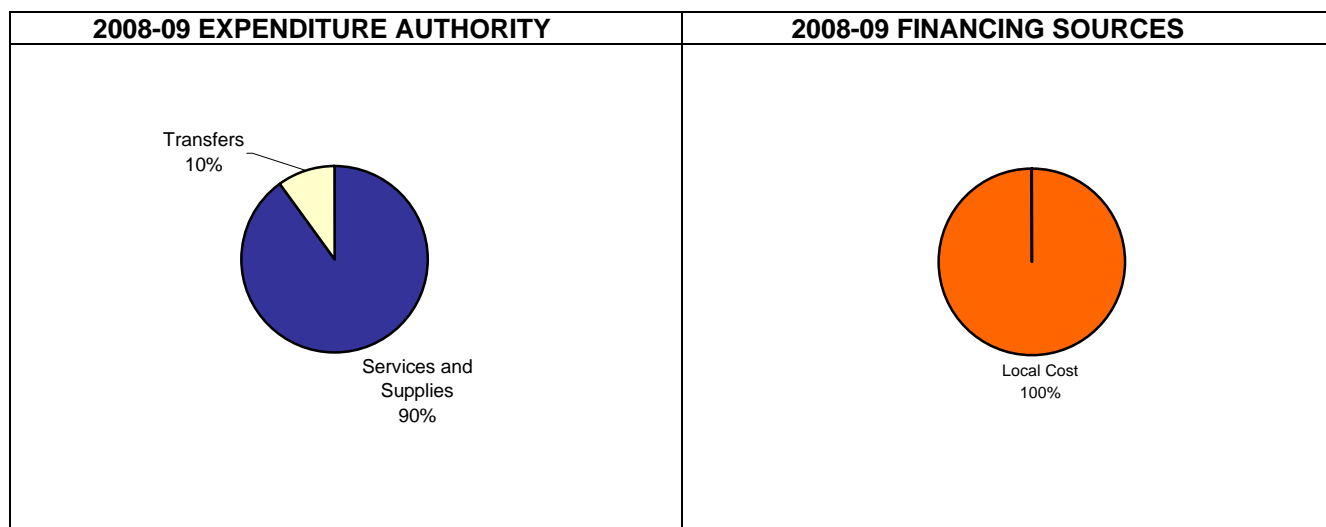

As this budget unit represents the financial contribution by the county, there is no staffing associated with this unit.

Services and supplies of \$3,874,365 include general office supplies, other professional services, structure rents/leases, and other related costs. The increase of \$40,760 is due primarily to the increases in general office supplies.

Transfers of \$434,240 include amounts for utilities. While a provision for an increase to current costs have been made, the overall decline in costs has reduced this cost.
